ENROLLED SENATE BILL No. 927

AN ACT to amend 1979 PA 94, entitled "An act to make appropriations to aid in the support of the public schools, the intermediate school districts, community colleges, and public universities of the state; to make appropriations for certain other purposes relating to education; to provide for the disbursement of the appropriations; to authorize the issuance of certain bonds and provide for the security of those bonds; to prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to create certain funds and provide for their expenditure; to prescribe penalties; and to repeal acts and parts of acts," by amending sections 2, 3, 6, 11, 11a, 11d, 11j, 11k, 11m, 11p, 11s, 15, 17c, 18, 18a, 20, 20d, 20f, 21h, 22a, 22b, 22d, 22m, 22p, 24, 24a, 25f, 25g, 26a, 26b, 26c, 28, 31a, 31d, 31f, 31j, 31n, 32d, 32p, 35a, 35b, 39, 39a, 41, 51a, 51c, 51d, 51f, 53a, 54, 54b, 54d, 55, 56, 61a, 61b, 61d, 62, 65, 67, 74, 81, 94, 94a, 95b, 98, 98a, 99h, 99s, 99t, 99u, 99w, 99x, 101, 104, 105, 105c, 107, 147, 147a, 147c, 147e, 152a, 152b, 163, 201, 202a, 203, 205, 206, 207a, 207b, 207c, 209, 209a, 217, 222, 223, 226, 229, 229a, 230, 236, 236b, 236c, 237b, 238, 241, 242, 245, 245a, 256, 263, 264, 265, 265b, 267, 268, 269, 270, 275, 276, 277, 278, 279, 280, 281, 282, 289, and 296 (MCL 388.1602, 388.1603, 388.1606, 388.1611, 388.1611a, 388.1611d, 388.1611j, 388.1611k, 388.1611m, 388.1611p, 388.1611s, 388.1615, 388.1617c, 388.1618, 388.1618a, 388.1620, 388.1620d, 388.1620f, 388.1621h, 388.1622a, 388.1622b, 388.1622d, 388.1622m, 388.1622p, 388.1624, 388.1624a, 388.1625f, 388.1625g, 388.1626a, 388.1626b, 388.1626c, 388.1628, 388.1631a, 388.1631d, 388.1631f, 388.1631j, 388.1631n, 388.1632d, 388.1632p, 388.1635a, 388.1635b, 388.1639, 388.1639a, 388.1641, 388.1651a, 388.1651c, 388.1651d, 388.1651f, 388.1653a, 388.1654, 388.1654b, 388.1654d, 388.1655, 388.1656, 388.1661a, 388.1661b, 388.1661d, 388.1662, 388.1665, 388.1667, 388.1674, 388.1681, 388.1694, 388.1694a, 388.1695b, 388.1698, 388.1698a, 388.1699h, 388.1699s, 388.1699t, 388.1699u, 388.1699w, 388.1699x, 388.1701, 388.1704, 388.1705, 388.1705c, 388.1707, 388.1747, 388.1747a, 388.1747c, 388.1747e, 388.1752a, 388.1752b, 388.1763, 388.1801, 388.1802a, 388.1803, 388.1805, 388.1806, 388.1807a, 388.1807b, 388.1807c, 388.1809, 388.1809a, 388.1817, 388.1822, 388.1823, 388.1826, 388.1829, 388.1829a, 388.1830, 388.1836, 388.1836b, 388.1836c, 388.1837b, 388.1838, 388.1841, 388.1842, 388.1845, 388.1845a, 388.1856, 388.1863, 388.1864, 388.1865, 388.1865b, 388.1867, 388.1868, 388.1869, 388.1870, 388.1875, 388.1876, 388.1877, 388.1878, 388.1879, 388.1880, 388.1881, 388.1882, 388.1889, and 388.1896), section 2 as amended by 2018 PA 227, sections 3, 203, 222, 223, 237b, and 275 as amended by 2017 PA 108, sections 6, 11p, and 104 as amended by 2020 PA 149, sections 11, 11m, 20, 22a, 22b, 26c, 31j, 32d, 51a, 51c, 61a, 94a, 95b, 99h, 147c, 147e, 201, 236, and 256 as amended by 2020 PA 146, sections 11a, 11j, 11k, 11s, 15, 18, 20d, 20f, 21h, 22m, 22p, 24, 24a, 26a, 26b, 31d, 31f, 31n, 32p, 39, 39a, 41, 51d, 53a, 54, 54b, 56, 61b, 61d, 62, 65, 67, 74, 81, 94, 98, 99s, 107, 147, 147a, and 152a as amended by 2019 PA 58, section 11d as added by 2020 PA 146, sections 17c, 35b, and 99u as amended by 2018 PA 586, section 18a as amended by 2015 PA 85, sections 22d, 25f, 25g, 31a, and 35a as

The People of the State of Michigan enact:

Sec. 2. As used in this article and article IV the words and phrases defined in sections 3 to 6 have the meanings ascribed to them in those sections.

Sec. 3. (1) “Average daily attendance”, for the purposes of complying with federal law, means 92% of the pupils counted in membership on the pupil membership count day, as defined in section 6(7).

(2) “Board” means the governing body of a district or public school academy.

(3) “Center” means the center for educational performance and information created in section 94a.

(4) “Community district” means a school district organized under part 5b of the revised school code.

(5) “Cooperative education program” means a written voluntary agreement between and among districts to provide certain educational programs for pupils in certain groups of districts. The written agreement must be approved by all affected districts at least annually and must specify the educational programs to be provided and the estimated number of pupils from each district who will participate in the educational programs.

(6) “Department”, except as otherwise provided in this article, means the department of education.

(7) “District” means a local school district established under the revised school code or, except in sections 6(4), 6(6), 13, 20, 22a, 22p, 31a, 51a(14), 105, 105c, and 166b, a public school academy. Except in section 20, district also includes a community district.

(8) “District of residence”, except as otherwise provided in this subsection, means the district in which a pupil’s custodial parent or parents or legal guardian resides. For a pupil described in section 24b, the pupil’s district of residence is the district in which the pupil enrolls under that section. For a pupil described in section 6(4)(d), the pupil’s district of residence is considered to be the district or intermediate district in which the pupil is counted in membership under that section. For a pupil under court jurisdiction who is placed outside the district in which the pupil’s custodial parent or parents or legal guardian resides, the pupil’s district of residence is considered to be the educating district or educating intermediate district.

(9) “District superintendent” means the superintendent of a district or the chief administrator of a public school academy.

Sec. 6. (1) “Center program” means a program operated by a district or by an intermediate district for special education pupils from several districts in programs for pupils with autism spectrum disorder, pupils with severe cognitive impairment, pupils with moderate cognitive impairment, pupils with severe multiple impairments, pupils with hearing impairment, pupils with visual impairment, and pupils with physical impairment or other health impairment. Programs for pupils with emotional impairment housed in buildings that do not serve regular education pupils also qualify. Unless otherwise approved by the department, a center program either serves all constituent districts within an intermediate district or serves several districts with less than 50% of the pupils residing in the operating district. In addition, special education center program pupils placed part-time in noncenter programs to comply with the least restrictive environment provisions of section 1412 of the individuals with disabilities education act, 20 USC 1412, may be considered center program pupils for pupil accounting purposes for the time scheduled in either a center program or a noncenter program.

(2) “District and high school graduation rate” means the annual completion and pupil dropout rate that is calculated by the center pursuant to nationally recognized standards.

(3) “District and high school graduation report” means a report of the number of pupils, excluding adult education participants, in the district for the immediately preceding school year, adjusted for those pupils who have transferred into or out of the district or high school, who leave high school with a diploma or other credential of equal status.

(4) “Membership”, except as otherwise provided in this subsection or this article, means for a district, a public school academy, or an intermediate district the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district, public school academy,

or intermediate district on the pupil membership count day for the current school year, plus the product of 10 times the final audited count from the supplemental count day of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district, public school academy, or intermediate district for the immediately preceding school year. A district's, public school academy's, or intermediate district's membership is adjusted as provided under section 25e for pupils who enroll after the pupil membership count day in a strict discipline academy operating under sections 1311b to 1311m of the revised school code, MCL 380.1311b to 380.1311m. For 2020-2021 only, membership means for a district, a public school academy, or an intermediate district, the sum of the product of .75 times the district's, public school academy's, or intermediate district's 2019-2020 membership as calculated under this section in 2019-2020 and the product of .25 times [the sum of (the product of .90 times the number of full-time equated pupils engaged in pandemic learning for fall 2020 or, for a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the public school academy on pupil membership count day for the current school year) and (the product of .10 times the final audited count from the supplemental count day of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district, public school academy, or intermediate district for the immediately preceding school year)]. All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply to determining the membership of a district, a public school academy, or an intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil is counted in membership in the pupil's educating district or districts. An individual pupil must not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the educating district must have the approval of the pupil's district of residence to count the pupil in membership, the pupil is not counted in membership in any district.

(c) A special education pupil educated by the intermediate district is counted in membership in the intermediate district.

(d) A pupil placed by a court or state agency in an on-grounds program of a juvenile detention facility, a child caring institution, or a mental health institution, or a pupil funded under section 53a, is counted in membership in the district or intermediate district approved by the department to operate the program.

(e) A pupil enrolled in the Michigan Schools for the Deaf and Blind is counted in membership in the pupil's intermediate district of residence.

(f) A pupil enrolled in a career and technical education program supported by a millage levied over an area larger than a single district or in an area vocational-technical education program established under section 690 of the revised school code, MCL 380.690, is counted in membership only in the pupil's district of residence.

(g) A pupil enrolled in a public school academy is counted in membership in the public school academy.

(h) For the purposes of this section and section 6a, for a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, that is in compliance with section 553a of the revised school code, MCL 380.553a, a pupil's participation in the cyber school's educational program is considered regular daily attendance, and for a district or public school academy, a pupil's participation in a virtual course as that term is defined in section 21f is considered regular daily attendance. For the purposes of this subdivision, for a pupil enrolled in a cyber school and utilizing sequential learning, participation means that term as defined in the pupil accounting manual, section 5-o-d: requirements for counting pupils in membership-subsection 10.

(i) For a new district or public school academy beginning its operation after December 31, 1994, membership for the first 2 full or partial fiscal years of operation is determined as follows:

(i) Except as otherwise provided in this subparagraph, if operations begin before the pupil membership count day for the fiscal year, membership is the average number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2. However, for 2020-2021 only, if operations begin before the pupil membership count day for the fiscal year, except for a public school academy that operates as a cyber school, as that term is defined in

section 551 of the revised school code, MCL 380.551, membership is the average number of full-time equated pupils engaged in pandemic learning for fall 2020 and full-time equated pupils engaged in pandemic learning for spring 2021, as that term is defined in section 6a, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(ii) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year, but, for 2020-2021 only, except for a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, membership is the final audited count of the number of full-time equated pupils engaged in pandemic learning for spring 2021, as that term is defined in section 6a.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership excludes from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) For an extended school year program approved by the superintendent, a pupil enrolled, but not scheduled to be in regular daily attendance, on a pupil membership count day, is counted in membership.

(l) To be counted in membership, a pupil must meet the minimum age requirement to be eligible to attend school under section 1147 of the revised school code, MCL 380.1147, or must be enrolled under subsection (3) of that section, and must be less than 20 years of age on September 1 of the school year except as follows:

(i) A special education pupil who is enrolled and receiving instruction in a special education program or service approved by the department, who does not have a high school diploma, and who is less than 26 years of age as of September 1 of the current school year is counted in membership.

(ii) A pupil who is determined by the department to meet all of the following may be counted in membership:

(A) Is enrolled in a public school academy or an alternative education high school diploma program, that is primarily focused on educating pupils with extreme barriers to education, such as being homeless as defined under 42 USC 11302.

(B) Had dropped out of school.

(C) Is less than 22 years of age as of September 1 of the current school year.

(iii) If a child does not meet the minimum age requirement to be eligible to attend school for that school year under section 1147 of the revised school code, MCL 380.1147, but will be 5 years of age not later than December 1 of that school year, the district may count the child in membership for that school year if the parent or legal guardian has notified the district in writing that he or she intends to enroll the child in kindergarten for that school year.

(m) An individual who has achieved a high school diploma is not counted in membership. An individual who has achieved a high school equivalency certificate is not counted in membership unless the individual is a student with a disability as that term is defined in R 340.1702 of the Michigan Administrative Code. An individual participating in a job training program funded under former section 107a or a jobs program funded under former section 107b, administered by the department of labor and economic opportunity, or participating in any successor of either of those 2 programs, is not counted in membership.

(n) If a pupil counted in membership in a public school academy is also educated by a district or intermediate district as part of a cooperative education program, the pupil is counted in membership only in the public school academy unless a written agreement signed by all parties designates the party or parties in which the pupil is counted in membership, and the instructional time scheduled for the pupil in the district or intermediate district is included in the full-time equated membership determination under subdivision (q) and section 101. However, for pupils receiving instruction in both a public school academy and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(i) If the public school academy provides instruction for at least 1/2 of the class hours required under section 101, the public school academy receives as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the public school academy provides divided by the number of hours required under section 101 for full-time equivalency, and the remainder of the full-time membership for each of those pupils is allocated to the district or intermediate district providing the remainder of the hours of instruction.

(ii) If the public school academy provides instruction for less than 1/2 of the class hours required under section 101, the district or intermediate district providing the remainder of the hours of instruction receives as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the district or intermediate district provides divided by the number of hours required under section 101 for full-time equivalency, and the remainder of the full-time membership for each of those pupils is allocated to the public school academy.

(o) An individual less than 16 years of age as of September 1 of the current school year who is being educated in an alternative education program is not counted in membership if there are also adult education participants being educated in the same program or classroom.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships must be consistent with section 101. In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution or for pupils engaged in an internship or work experience under section 1279h of the revised school code, MCL 380.1279h, a pupil is not considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment or engagement in the internship or work experience, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Full-time equated memberships for pupils in kindergarten are determined by dividing the number of instructional hours scheduled and provided per year per kindergarten pupil by the same number used for determining full-time equated memberships for pupils in grades 1 to 12. However, to the extent allowable under federal law, for a district or public school academy that provides evidence satisfactory to the department that it used federal title I money in the 2 immediately preceding school fiscal years to fund full-time kindergarten, full-time equated memberships for pupils in kindergarten are determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12. The change in the counting of full-time equated memberships for pupils in kindergarten that took effect for 2012-2013 is not a mandate.

(s) For a district or a public school academy that has pupils enrolled in a grade level that was not offered by the district or public school academy in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, but, for 2020-2021 only, except for a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils engaged in pandemic learning for fall 2020 and the number of those pupils engaged in pandemic learning for spring 2021, as that term is defined in section 6a, as determined by the department. Membership is calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil's home or otherwise apart from the general school population, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil's home or otherwise apart from the general school population, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours required under section 101 for full-time equivalency. For the purposes of this subdivision, a district is considered to be providing appropriate instruction if all of the following are met:

(i) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil's home or otherwise apart from the general school population under the supervision of a certificated teacher.

(ii) The district provides instructional materials, resources, and supplies that are comparable to those otherwise provided in the district's alternative education program.

(iii) Course content is comparable to that in the district's alternative education program.

(iv) Credit earned is awarded to the pupil and placed on the pupil's transcript.

(v) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy's contract with its authorizing body is revoked or the public school academy otherwise ceases to operate, and if the pupil enrolls in a district within 45 days after the pupil membership count day, the department shall adjust the district's pupil count for the pupil membership count day to include the pupil in the count.

(w) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .10 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent, but, for 2020-2021 only, except for a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, membership is the sum of the product of .90 times the number of full-time equated pupils engaged in pandemic learning for fall 2020 or the number of full-time equated pupils engaged in pandemic learning for spring 2021, as that term is defined in section 6a, whichever applies first after operations resume, plus the product of .10 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(x) If a district's membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils, the district has 4.5 or fewer pupils per square mile, as determined by the department, and the district does not receive funding under section 22d(2), the district's membership is considered to be the membership figure calculated under this subdivision. If a district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage of both districts in determining the number of pupils per square mile for each of the districts for the purposes of this subdivision. If a district has established a community engagement advisory committee in partnership with the department of treasury, is required to submit a deficit elimination plan or an enhanced deficit elimination plan under section 1220 of the revised school code, MCL 380.1220, and is located in a city with a population between 9,000 and 11,000 that is in a county with a population between 155,000 and 160,000, the district's membership is considered to be the membership figure calculated under this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(i) The average of the district's membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(ii) The district's actual membership for that fiscal year as otherwise calculated under this subsection.

(y) Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are enrolled in a classroom program under R 340.1754 of the Michigan Administrative Code are determined by dividing the number of class hours scheduled and provided per year by 450. Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are receiving early childhood special education services under R 340.1755 or R 340.1862 of the Michigan Administrative Code are determined by dividing the number of hours of service scheduled and provided per year per-pupil by 180.

(z) A pupil of a district that begins its school year after Labor Day who is enrolled in an intermediate district program that begins before Labor Day is not considered to be less than a full-time pupil solely due to instructional time scheduled but not attended by the pupil before Labor Day.

(aa) For the first year in which a pupil is counted in membership on the pupil membership count day in a middle college program, the membership is the average of the full-time equated membership on the pupil membership count day and on the supplemental count day for the current school year, as determined by the department. If a pupil described in this subdivision was counted in membership by the operating district on the immediately preceding supplemental count day, the pupil is excluded from the district's immediately preceding supplemental count for the purposes of determining the district's membership.

(bb) A district or public school academy that educates a pupil who attends a United States Olympic Education Center may count the pupil in membership regardless of whether or not the pupil is a resident of this state.

(cc) A pupil enrolled in a district other than the pupil's district of residence under section 1148(2) of the revised school code, MCL 380.1148, is counted in the educating district.

(dd) For a pupil enrolled in a dropout recovery program that meets the requirements of section 23a, the pupil is counted as 1/12 of a full-time equated membership for each month that the district operating the program reports that the pupil was enrolled in the program and was in full attendance. However, if the special membership counting provisions under this subdivision and the operation of the other membership counting provisions under this subsection result in a pupil being counted as more than 1.0 FTE in a fiscal year, the payment made for the pupil under sections 22a and 22b must not be based on more than 1.0 FTE for that pupil, and any portion of an FTE for that pupil that exceeds 1.0 is instead paid under section 25g. The district operating the program shall report to the center the number of pupils who were enrolled in the program and were in full attendance for a month not later than 30 days after the end of the month. A district shall not report a pupil as being in full attendance for a month unless both of the following are met:

(i) A personalized learning plan is in place on or before the first school day of the month for the first month the pupil participates in the program.

(ii) The pupil meets the district's definition under section 23a of satisfactory monthly progress for that month or, if the pupil does not meet that definition of satisfactory monthly progress for that month, the pupil did meet that definition of satisfactory monthly progress in the immediately preceding month and appropriate interventions are implemented within 10 school days after it is determined that the pupil does not meet that definition of satisfactory monthly progress.

(ee) A pupil participating in a virtual course under section 21f is counted in membership in the district enrolling the pupil.

(ff) If a public school academy that is not in its first or second year of operation closes at the end of a school year and does not reopen for the next school year, the department shall adjust the membership count of the district or other public school academy in which a former pupil of the closed public school academy enrolls and is in regular daily attendance for the next school year to ensure that the district or other public school academy receives the same amount of membership aid for the pupil as if the pupil were counted in the district or other public school academy on the supplemental count day of the preceding school year.

(gg) If a special education pupil is expelled under section 1311 or 1311a of the revised school code, MCL 380.1311 and 380.1311a, and is not in attendance on the pupil membership count day because of the expulsion, and if the pupil remains enrolled in the district and resumes regular daily attendance during that school year, the district's membership is adjusted to count the pupil in membership as if he or she had been in attendance on the pupil membership count day.

(ii) A part-time pupil enrolled in a nonpublic school in grades K to 12 in accordance with section 166b must not be counted as more than 0.75 of a full-time equated membership.

(i) The pupil would meet the definition of an eligible student under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, if the course were an eligible course under that act.

(ii) The course in which the pupil is enrolled would meet the definition of an eligible course under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, if the course were provided by an eligible postsecondary institution under that act.

(iii) The department determines that the college or university is an institution that, in the other state, fulfills a function comparable to a state university or community college, as those terms are defined in section 3 of the postsecondary enrollment options act, 1996 PA 160, MCL 388.513, or is an independent nonprofit degree-granting college or university.

(iv) The district or public school academy pays for a portion of the pupil's tuition at the college or university in an amount equal to the eligible charges that the district or public school academy would pay to an eligible postsecondary institution under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, as if the course were an eligible course under that act.

(v) The district or public school academy awards high school credit to a pupil who successfully completes a course as described in this subdivision.

(kk) A pupil enrolled in a middle college program may be counted for more than a total of 1.0 full-time equated membership if the pupil is enrolled in more than the minimum number of instructional days and hours required under section 101 and the pupil is expected to complete the 5-year program with both a high school diploma and at least 60 transferable college credits or is expected to earn an associate's degree in fewer than 5 years.

(ll) If a district's or public school academy's membership for a particular fiscal year, as otherwise calculated under this subsection, includes pupils counted in membership who are enrolled under section 166b, all of the following apply for the purposes of this subdivision:

(i) If the district's or public school academy's membership for pupils counted under section 166b equals or exceeds 5% of the district's or public school academy's membership for pupils not counted in membership under section 166b in the immediately preceding fiscal year, then the growth in the district's or public school academy's membership for pupils counted under section 166b must not exceed 10%.

(ii) If the district's or public school academy's membership for pupils counted under section 166b is less than 5% of the district's or public school academy's membership for pupils not counted in membership under section 166b in the immediately preceding fiscal year, then the district's or public school academy's membership for pupils counted under section 166b must not exceed the greater of the following:

(A) 5% of the district's or public school academy's membership for pupils not counted in membership under section 166b.

(B) 10% more than the district's or public school academy's membership for pupils counted under section 166b in the immediately preceding fiscal year.

A person who intentionally makes a false report of a crime to law enforcement officials for the purposes of this subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for that conduct. (2) The appropriations under this section are allocated as provided in this article. Money appropriated under this section from the general fund must be expended to fund the purposes of this article before the expenditure of money appropriated under this section from the state school aid fund.

(3) Any general fund allocations under this article that are not expended by the end of the fiscal year are transferred to the school aid stabilization fund created under section 11a.

Sec. 11a. (1) The school aid stabilization fund is created as a separate account within the state school aid fund.

(2) The state treasurer may receive money or other assets from any source for deposit into the school aid stabilization fund. The state treasurer shall deposit into the school aid stabilization fund all of the following:

(5) Money in the school aid stabilization fund at the close of a fiscal year remains in the school aid stabilization fund and does not lapse to the unreserved school aid fund balance or the general fund.

(6) If the maximum amount appropriated under section 11 from the state school aid fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, there is appropriated from the school aid stabilization fund to the state school aid fund an amount equal to the projected shortfall as determined by the department of treasury, but not to exceed available money in the school aid stabilization fund. If the money in the school aid stabilization fund is insufficient to fully fund an amount equal to the projected shortfall, the state budget director shall notify the legislature as required under section 296(2) and state payments in an amount equal to the remainder of the projected shortfall must be prorated in the manner provided under section 296(3).

(7) For 2020-2021, in addition to the appropriations in section 11, there is appropriated from the school aid stabilization fund to the state school aid fund the amount necessary to fully fund the allocations under this article.

Sec. 11d. (1) For 2019-2020, the department shall deduct an amount equal to \$175.00 per membership pupil from each district's total state school aid. (2) If the department, after applying the deduction calculated in subsection (1), determines that this state has overpaid the amount of total state school aid to a district, the department shall establish as a receivable the amount of overpayment and shall recoup the amount from the district in subsequent monthly apportionments of total state school aid. The full amount of overpayment must be recouped within 1 fiscal year.

(3) If a district has pledged remaining total state school aid for 2019-2020 for the fulfillment of requirements related to the repayment of state aid anticipation notes or the equivalent loan instrument not offered by this state, and if the district presents evidence satisfactory to the department that the deduction calculated in subsection (1) would cause hardship for the district in fulfilling its pledged loan repayment requirements, the department shall establish as a receivable in the current fiscal year the amount of the deduction calculated in subsection (1) and shall recoup the amount from the district in subsequent monthly apportionments of total state school aid. The full amount of the deduction calculated in subsection (1) must be recouped within 1 fiscal year.

(4) From the state school aid fund money appropriated under section 11, there is allocated for 2020-2021 an amount not to exceed \$95,000,000.00 to provide payments to districts as provided under this subsection. The amount of a payment under this subsection to each district must be equal to the district's 50/50 blended membership multiplied by the quotient of \$95,000,000.00 divided by the statewide sum of each district's 50/50 blended membership. As used in this subsection, "50/50 blended membership" means the sum of the product of .5 times the district's 2019-2020 membership as calculated under section 6(4) in 2019-2020 and the product of .5 times [the sum of (the product of .90 times the number of full-time equated pupils engaged in pandemic learning for fall 2020 or, for a district that is a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district on pupil membership count day for the current school year) and (the product of .10 times the final audited count from the supplemental count day of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district for the immediately preceding school year)].

(5) As used in this section, "total state school aid" means the total combined amount of all state funds allocated to a district under this act, except for funds allocated to a district under sections 11j, 22a, 26a, 26b, 26c, 31d, 31f, 51a(2), 51a(11), 51c, 53a, 147c, 147e(2)(a), and 152a.

Sec. 11j. From the appropriation in section 11, there is allocated an amount not to exceed \$111,000,000.00 for 2020-2021 for payments to the school loan bond redemption fund in the department of treasury on behalf of districts and intermediate districts. Notwithstanding section 296 or any other provision of this act, funds allocated under this section are not subject to proration and must be paid in full.

Sec. 11k. For 2020-2021, there is appropriated from the general fund to the school loan revolving fund an amount equal to the amount of school bond loans assigned to the Michigan finance authority, not to exceed the total amount of school bond loans held in reserve as long-term assets. As used in this section, "school loan revolving fund" means that fund created in section 16c of the shared credit rating act, 1985 PA 227, MCL 141.1066c.

Sec. 11m. From the appropriation in section 11, there is allocated for 2020-2021 an amount not to exceed \$11,400,000.00 for fiscal year cash-flow borrowing costs solely related to the state school aid fund established under section 11 of article IX of the state constitution of 1963.

Sec. 11p. (1) From the federal funds appropriated under section 11, for 2019-2020 only, there is allocated an amount not to exceed \$512,000,000.00 from the federal funding awarded to this state from the coronavirus relief fund under the coronavirus aid, relief, and economic security act, Public Law 116-136.

(2) From the funds allocated under this section, the department shall pay to each district an amount equal to \$350.00 for each pupil in membership for 2019-2020 only.

(3) A district receiving funds under this section must comply with all requirements corresponding to the receipt of funds under the coronavirus aid, relief, and economic security act, Public Law 116-136, and 2 CFR part 200, as applicable, including, but not limited to, any certifications, assurances, and accountability and transparency provisions. The department may require any documentation necessary to ensure compliance with federal requirements.

(4) A district receiving funds under this section must, to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

(5) Any funds received under this act and expended by a district in any manner that does not adhere to the coronavirus aid, relief, and economic security act, Public Law 116-136, or 2 CFR part 200, as applicable, must be returned to this state. If it is determined that a district receiving funds under this act expended any funds received under this act for a purpose that is not consistent with the requirements of the coronavirus aid, relief, and

economic security act, Public Law 116-136, or 2 CFR part 200, as applicable, the state budget director is authorized to withhold payment of state funds, in part or in whole, payable to that district from any state appropriation under this act.

(6) The allocation in this section from the federal funding awarded to this state from the coronavirus relief fund under the coronavirus aid, relief, and economic security act, Public Law 116-136, reduces to \$0.00 the coronavirus relief fund appropriations authorized in the same amount and for the same purpose under section 302 of 2020 PA 67.

Sec. 11s. (1) From the state school aid fund money appropriated in section 11, there is allocated \$5,000,000.00 for 2020-2021 and from the general fund money appropriated in section 11, there is allocated \$3,075,000.00 for 2020-2021 for the purpose of providing services and programs to children who reside within the boundaries of a district with the majority of its territory located within the boundaries of a city for which an executive proclamation of emergency concerning drinking water is issued in the current or immediately preceding 5 fiscal years under the emergency management act, 1976 PA 390, MCL 30.401 to 30.421. From the funding appropriated in section 11, there is allocated for 2020-2021 \$100.00 from the water emergency reserve fund for the purposes of this section.

(2) From the general fund money allocated in subsection (1), there is allocated to a district with the majority of its territory located within the boundaries of a city in which an executive proclamation of emergency is issued in the current or immediately preceding 5 fiscal years and that has at least 4,500 pupils in membership for the 2016-2017 fiscal year or has at least 3,000 pupils in membership for a fiscal year after 2016-2017, an amount not to exceed \$2,425,000.00 for 2020-2021 for the purpose of employing school nurses, classroom aides, and school social workers. The district shall provide a report to the department in a form, manner, and frequency prescribed by the department. The department shall provide a copy of that report to the governor, the house and senate school aid subcommittees, the house and senate fiscal agencies, and the state budget director within 5 days after receipt. The report must provide at least the following information:

(a) How many personnel were hired using the funds allocated under this subsection.

(b) A description of the services provided to pupils by those personnel.

(c) How many pupils received each type of service identified in subdivision (b).

(d) Any other information the department considers necessary to ensure that the children described in subsection (1) received appropriate levels and types of services.

(3) For 2020-2021 only, from the state school aid fund money allocated in subsection (1), there is allocated an amount not to exceed \$2,400,000.00 to an intermediate district that has a constituent district described in subsection (2) to provide state early intervention services for children described in subsection (1) who are between age 3 and age 5. The intermediate district shall use these funds to provide state early intervention services that are similar to the services described in the early on Michigan state plan, including ensuring that all children described in subsection (1) who are less than 4 years of age as of September 1, 2016 are assessed and evaluated at least twice annually.

(4) From the state school aid fund money allocated in subsection (1), there is allocated an amount not to exceed \$1,000,000.00 for 2020-2021 to the intermediate district described in subsection (3) to enroll children described in subsection (1) in school-day great start readiness programs, regardless of household income eligibility requirements contained in section 32d. The department shall administer this funding consistent with all other provisions that apply to great start readiness programs under sections 32d and 39.

(5) For 2020-2021, from the general fund money allocated in subsection (1), there is allocated an amount not to exceed \$650,000.00 for nutritional services to children described in subsection (1).

(6) For 2020-2021, from the state school aid fund money allocated in subsection (1), there is allocated an amount not to exceed \$1,600,000.00 to the intermediate district described in subsection (3) for interventions and supports for students in K to 12 who were impacted by an executive proclamation of emergency described in subsection (1) concerning drinking water. Funds under this subsection must be used for behavioral supports, social workers, counselors, psychologists, nursing services, including, but not limited to, vision and hearing services, transportation services, parental engagement, community coordination, and other support services.

(7) In addition to other funding allocated and appropriated in this section, there is appropriated an amount not to exceed \$5,000,000.00 for 2020-2021 for state restricted contingency funds. These contingency funds are not available for expenditure until they have been transferred to a section within this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(8) Notwithstanding section 17b, the department shall make payments under this section on a schedule determined by the department.

Sec. 15. (1) If a district or intermediate district fails to receive its proper apportionment, the department, upon satisfactory proof that the district or intermediate district was entitled justly, shall apportion the deficiency in the next apportionment. Subject to subsections (2) and (3), if a district or intermediate district has received more than its proper apportionment, the department, upon satisfactory proof, shall deduct the excess in the next apportionment. Notwithstanding any other provision in this article, state aid overpayments to a district, other than overpayments in payments for special education or special education transportation, may be recovered from any payment made under this article other than a special education or special education transportation payment, from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211. State aid overpayments made in special education or special education transportation payments may be recovered from subsequent special education or special education transportation payments, from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211.

(2) If the result of an audit conducted by or for the department affects the current fiscal year membership, the department shall adjust affected payments in the current fiscal year. A deduction due to an adjustment made as a result of an audit conducted by or for the department, or as a result of information obtained by the department from the district, an intermediate district, the department of treasury, or the office of auditor general, must be deducted from the district's apportionments when the adjustment is finalized. At the request of the district and upon the district presenting evidence satisfactory to the department of the hardship, the department may grant up to an additional 4 years for the adjustment and may advance payments to the district otherwise authorized under this article if the district would otherwise experience a significant hardship in satisfying its financial obligations. However, a district that presented satisfactory evidence of hardship and was undergoing an extended adjustment during 2018-2019 may continue to use the period of extended adjustment as originally granted by the department.

(3) If, based on an audit by the department or the department's designee or because of new or updated information received by the department, the department determines that the amount paid to a district or intermediate district under this article for the current fiscal year or a prior fiscal year was incorrect, the department shall make the appropriate deduction or payment in the district's or intermediate district's allocation in the next apportionment after the adjustment is finalized. The department shall calculate the deduction or payment according to the law in effect in the fiscal year in which the incorrect amount was paid. If the district does not receive an allocation for the fiscal year or if the allocation is not sufficient to pay the amount of any deduction, the amount of any deduction otherwise applicable must be satisfied from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211, as determined by the department.

(4) If the department makes an adjustment under this section based in whole or in part on a membership audit finding that a district or intermediate district employed an educator in violation of certification requirements under the revised school code and rules promulgated by the department, the department shall prorate the adjustment according to the period of noncompliance with the certification requirements.

(5) The department may conduct audits, or may direct audits by designee of the department, for the current fiscal year and the immediately preceding fiscal year of all records related to a program for which a district or intermediate district has received funds under this article.

(6) Expenditures made by the department under this article that are caused by the write-off of prior year accruals may be funded by revenue from the write-off of prior year accruals.

(7) In addition to funds appropriated in section 11 for all programs and services, there is appropriated for 2020-2021 for obligations in excess of applicable appropriations an amount equal to the collection of overpayments, but not to exceed amounts available from overpayments.

Sec. 17c. (1) Except as otherwise provided under this article, the department shall do both of the following for funds appropriated under this article for grants distributed by the department to districts, intermediate districts, and eligible entities:

(a) Open the grant application for funds appropriated for the immediately succeeding fiscal year by not later than September 1 of the current fiscal year or 30 calendar days after the state school aid budget for the immediately succeeding fiscal year is enacted into law, whichever occurs later. Sec. 18. (1) Except as provided in another section of this article, each district or other entity shall apply the money received by the district or entity under this article to salaries and other compensation of teachers and other employees, tuition, transportation, lighting, heating, ventilation, water service, the purchase of textbooks, other supplies, and any other school operating expenditures defined in section 7. However, not more than 20% of the total amount received by a district under sections 22a and 22b or received by an intermediate district under section 81 may be transferred by the board to either the capital projects fund or to the debt retirement fund for debt service. A district or other entity shall not apply or take the money for a purpose other than as provided in this section. The department shall determine the reasonableness of expenditures and may withhold from a recipient of funds under this article the apportionment otherwise due upon a violation by the recipient. A district must not be prohibited or limited from using funds appropriated or allocated under this article that are permitted for use for noninstructional services to contract or subcontract with an intermediate district, third party, or vendor for the noninstructional services.

(2) A district or intermediate district shall adopt an annual budget in a manner that complies with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a. Within 15 days after a district board adopts its annual operating budget for the following school fiscal year, or after a district board adopts a subsequent revision to that budget, the district shall make all of the following available through a link on its website homepage, or may make the information available through a link on its intermediate district's website homepage, in a form and manner prescribed by the department:

(3) For the information required under subsection (2)(a), (2)(b)(i), and (2)(c), an intermediate district shall provide the same information in the same manner as required for a district under subsection (2).

(4) For the purposes of determining the reasonableness of expenditures, whether a district or intermediate district has received the proper amount of funds under this article, and whether a violation of this article has occurred, all of the following apply:

(a) The department shall require that each district and intermediate district have an audit of the district's or intermediate district's financial and pupil accounting records conducted at least annually, and at such other times as determined by the department, at the expense of the district or intermediate district, as applicable. The audits must be performed by a certified public accountant or by the intermediate district superintendent, as may be required by the department, or in the case of a district of the first class by a certified public accountant, the intermediate superintendent, or the auditor general of the city. A district or intermediate district shall retain these records for the current fiscal year and from at least the 3 immediately preceding fiscal years.

(b) If a district operates in a single building with fewer than 700 full-time equated pupils, if the district has stable membership, and if the error rate of the immediately preceding 2 pupil accounting field audits of the district is less than 2%, the district may have a pupil accounting field audit conducted biennially but must continue to have desk audits for each pupil count. (c) A district's or intermediate district's annual financial audit must include an analysis of the financial and pupil accounting data used as the basis for distribution of state school aid.

(d) The pupil and financial accounting records and reports, audits, and management letters are subject to requirements established in the auditing and accounting manuals approved and published by the department.

For an intermediate district, the report must also contain the website address where the department can access the report required under section 620 of the revised school code, MCL 380.620. The department shall ensure that the prescribed Michigan public school accounting manual chart of accounts includes standard conventions to distinguish expenditures by allowable fund function and object. The functions must include at minimum categories for instruction, pupil support, instructional staff support, general administration, school administration, business administration, transportation, facilities operation and maintenance, facilities acquisition, and debt service; and must include object classifications of salary, benefits, including categories for active employee health

expenditures, purchased services, supplies, capital outlay, and other. A district shall report the required level of detail consistent with the manual as part of the comprehensive annual financial report.

(6) By the last business day in September of each year, each district and intermediate district shall file with the center the special education actual cost report, known as "SE-4096", on a form and in the manner prescribed by the center. An intermediate district shall certify the audit of a district's report.

(8) The department shall review its pupil accounting and pupil auditing manuals at least annually and shall periodically update those manuals to reflect changes in this article.

(9) If a district that is a public school academy purchases property using money received under this article, the public school academy shall retain ownership of the property unless the public school academy sells the property at fair market value.

(10) If a district or intermediate district does not comply with subsections (4), (5), (6), (7), and (12), or if the department determines that the financial data required under subsection (5) are not consistent with audited financial statements, the department shall withhold all state school aid due to the district or intermediate district under this article, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsections (4), (5), (6), (7), and (12). If the district or intermediate district does not comply with subsections (4), (5), (6), (7), and (12) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

(11) If a district or intermediate district does not comply with subsection (2), the department may withhold up to 10% of the total state school aid due to the district or intermediate district under this article, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsection (2). If the district or intermediate district does not comply with subsection (2) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

(12) By November 1 of each year, if a district or intermediate district offers virtual learning under section 21f, or for a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551, the district or intermediate district shall submit to the department a report that details the per-pupil costs of operating the virtual learning by vendor type and virtual learning model. The report must include information concerning the operation of virtual learning for the immediately preceding school fiscal year, including information concerning summer programming. Information must be collected in a form and manner determined by the department and must be collected in the most efficient manner possible to reduce the administrative burden on reporting entities.

(13) By March 31 of each year, the department shall submit to the house and senate appropriations subcommittees on state school aid, the state budget director, and the house and senate fiscal agencies a report summarizing the per-pupil costs by vendor type of virtual courses available under section 21f and virtual courses provided by a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551.

The report must detail the recipient or recipients, the amount allocated, and the purpose for which the funds were distributed.

Sec. 18a. Except as otherwise provided in this article, grant funds awarded and allotted to a district, intermediate district, or other entity, unless otherwise specified in this article, must be expended by the grant recipient before the end of the fiscal year immediately following the fiscal year in which the funds are received. Except as otherwise provided in this article, if a grant recipient does not expend the funds received under this article before the end of the fiscal year in which the funds are received, the grant recipient shall submit a report to the department not later than November 1 after the fiscal year in which the funds are received indicating whether it expects to expend those funds during the fiscal year in which the report is submitted. Except as otherwise provided in this article, a recipient of a grant shall return any unexpended grant funds to the department in the manner prescribed by the department not later than September 30 after the fiscal year in which the funds are received.

Sec. 20. (1) For 2020-2021, both of the following apply:

(a) The target foundation allowance is \$8,529.00.

(b) The minimum foundation allowance is \$8,111.00.

(2) The department shall calculate the amount of each district's foundation allowance as provided in this section, using a target foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the department shall calculate the amount of a district's foundation allowance as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) Except as otherwise provided in this subdivision, for a district that had a foundation allowance for the immediately preceding fiscal year that was at least equal to the minimum foundation allowance for the immediately preceding fiscal year, but less than the target foundation allowance for the immediately preceding fiscal year, the district receives a foundation allowance in an amount equal to the sum of the district's foundation allowance for the immediately preceding fiscal year plus the difference between twice the dollar amount of the adjustment from the immediately preceding fiscal year to the current fiscal year made in the target foundation allowance and [(the difference between the target foundation allowance for the current fiscal year and target foundation allowance for the immediately preceding fiscal year minus \$40.00) times (the difference between the district's foundation allowance for the immediately preceding fiscal year and the minimum foundation allowance for the immediately preceding fiscal year) divided by the difference between the target foundation allowance for the current fiscal year and the minimum foundation allowance for the immediately preceding fiscal year.] However, the foundation allowance for a district that had less than the target foundation allowance for the immediately preceding fiscal year must not exceed the target foundation allowance for the current fiscal year.

(b) Except as otherwise provided in this subsection, for a district that in the immediately preceding fiscal year had a foundation allowance in an amount equal to the amount of the target foundation allowance for the immediately preceding fiscal year, the district receives a foundation allowance for 2020-2021 in an amount equal to the target foundation allowance for 2020-2021.

(c) For a district that had a foundation allowance for the immediately preceding fiscal year that was greater than the target foundation allowance for the immediately preceding fiscal year, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding fiscal year plus the lesser of the increase in the target foundation allowance for the current fiscal year, as compared to the immediately preceding fiscal year, or the product of the district's foundation allowance for the immediately preceding fiscal year times the percentage increase in the United States Consumer Price Index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

(d) For a district that has a foundation allowance that is not a whole dollar amount, the department shall round the district's foundation allowance up to the nearest whole dollar.

(4) Except as otherwise provided in this subsection, beginning in 2014-2015, the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or the target foundation allowance for the current fiscal year, whichever is less, minus the local portion of the district's foundation allowance. For a district described in subsection (3)(c), beginning in 2014-2015, the state portion of the district's foundation allowance is an amount equal to \$6,962.00 plus the difference between the district's foundation allowance for the current fiscal year and the district's foundation allowance for 1998-99, minus the local portion of the district's foundation allowance. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the department shall calculate the state portion of the district's foundation allowance as if that reduction did not occur. For a receiving district, if school operating taxes continue to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, the taxable value per membership pupil of property in the receiving district used for the purposes of this subsection does not include the taxable value of property within the geographic area of the dissolved district. For a community district, if school operating taxes continue to be levied by a qualifying school district under section 12b of the revised school code, MCL 380.12b, with the same geographic area as the community district, the taxable value per membership pupil

of property in the community district to be used for the purposes of this subsection does not include the taxable value of property within the geographic area of the community district.

(5) The allocation calculated under this section for a pupil is based on the foundation allowance of the pupil's district of residence. For a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil's district of residence, the allocation calculated under this section is based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation calculated under this section is based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence.

(6) Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the public school academy equal to the minimum foundation allowance specified in subsection (1). Notwithstanding section 101, for a public school academy that begins operations after the pupil membership count day, the amount per membership pupil calculated under this subsection must be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the public school academy after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation must not exceed the amount per membership pupil otherwise calculated under this subsection.

(7) Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a community district, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the community district equal to the foundation allowance of the qualifying school district, as described in section 12b of the revised school code, MCL 380.12b, that is located within the same geographic area as the community district.

(8) Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation is the lesser of the sum of the average of the foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original or affected districts plus \$100.00 or the highest foundation allowance among the original or affected districts. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district.

(9) The department shall round each fraction used in making calculations under this section to the fourth decimal place and shall round the dollar amount of an increase in the target foundation allowance to the nearest whole dollar.

(10) State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

(11) To assist the legislature in determining the target foundation allowance for the subsequent fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, must calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor is computed by dividing the estimated membership in the school year ending in the current fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor is computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent fiscal year plus the estimated total state school aid fund revenue for the current fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, by the sum of the estimated total school aid fund revenue for the current fiscal year plus the estimated total state school aid fund revenue for the immediately preceding fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for state school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index is calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for state school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(12) Payments to districts and public school academies are not made under this section. Rather, the calculations under this section are used to determine the amount of state payments under section 22b.

(13) If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per-pupil payment calculation under this section may be reduced.

(14) As used in this section:

(h) "Local school operating revenue" means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, local school operating revenue does not include school operating taxes levied within the geographic area of the dissolved district.

(i) "Local school operating revenue per membership pupil" means a district's local school operating revenue divided by the district's membership excluding special education pupils.

(j) "Membership" means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(p) "Tax increment financing acts" means parts 2, 3, 4, and 6 of the recodified tax increment financing act, 2018 PA 57, MCL 125.4201 to 125.4420 and 125.4602 to 125.4629, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2670.

(q) "Taxable value per membership pupil" means taxable value, as certified by the county treasurer and reported to the department, for the calendar year ending in the current state fiscal year divided by the district's membership excluding special education pupils for the school year ending in the current state fiscal year.

Sec. 20d. In making the final determination required under former section 20a of a district's combined state and local revenue per membership pupil in 1993-94 and in making calculations under section 20 for 2020-2021, the department and the department of treasury shall comply with all of the following:

(a) For a district that had combined state and local revenue per membership pupil in the 1994-95 fiscal year of \$6,500.00 or more and served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, total state school aid received by or paid on behalf of the district under this act in 1993-94 excludes payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services to the area vocational education center. Not later than June 30, 1996, the department shall make an adjustment under this subdivision to the district's combined state and local revenue per membership pupil in the 1994-95 fiscal year and the department of treasury shall make a final certification of the number of mills that may be levied by the district under section 1211 of the revised school code, MCL 380.1211, as a result of the adjustment under this subdivision.

(b) If a district had an adjustment made to its 1993-94 total state school aid that excluded payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services for intermediate district center programs operated by the district under sections 51 to 56, if nonresident pupils attending the center programs were included in the district's membership for purposes of calculating the combined state and local revenue per membership pupil for 1993-94, and if there is a signed agreement by all constituent districts of the intermediate district agreeing to an adjustment under this subdivision, the department shall calculate the foundation allowances for 1995-96 and 1996-97 of all districts that had pupils attending the intermediate district center program operated by the district that had the adjustment as if their combined state and local revenue per membership pupil for 1993-94 included resident pupils attending the center program and excluded nonresident pupils attending the center program.

Sec. 20f. (1) From the funds appropriated in section 11, there is allocated an amount not to exceed \$18,000,000.00 for 2020-2021 for payments to eligible districts under this section.

(2) The funding under this subsection is from the allocation under subsection (1). A district is eligible for funding under this subsection if the district received a payment under this section as it was in effect for 2013-2014. A district was eligible for funding in 2013-2014 if the sum of the following was less than \$5.00:

(a) The increase in the district's foundation allowance or per-pupil payment as calculated under section 20 from 2012-2013 to 2013-2014.

(b) The district's equity payment per membership pupil under former section 22c for 2013-2014.

(c) The quotient of the district's allocation under section 147a for 2012-2013 divided by the district's membership pupils for 2012-2013 minus the quotient of the district's allocation under section 147a for 2013-2014 divided by the district's membership pupils for 2013-2014.

(3) The amount allocated to each eligible district under subsection (2) is an amount per membership pupil equal to the amount per membership pupil the district received under this section in 2013-2014.

(4) The funding under this subsection is from the allocation under subsection (1). A district is eligible for funding under this subsection if the sum of the following is less than \$25.00:

(a) The increase in the district's foundation allowance or per-pupil payment as calculated under section 20 from 2014-2015 to 2015-2016.

(b) The decrease in the district's best practices per-pupil funding under former section 22f from 2014-2015 to 2015-2016.

(5) The amount allocated to each eligible district under subsection (4) is an amount per membership pupil equal to \$25.00 minus the sum of the following:

(a) The increase in the district's foundation allowance or per-pupil payment as calculated under section 20 from 2014-2015 to 2015-2016.

(b) The decrease in the district's best practices per-pupil funding under former section 22f from 2014-2015 to 2015-2016.

(c) The decrease in the district's pupil performance per-pupil funding under former section 22j from 2014-2015 to 2015-2016.

(d) The quotient of the district's allocation under section 31a for 2015-2016 divided by the district's membership pupils for 2015-2016 minus the quotient of the district's allocation under section 31a for 2014-2015 divided by the district's membership pupils for 2014-2015.

(6) If the allocation under subsection (1) is insufficient to fully fund payments under subsections (3) and (5) as otherwise calculated under this section, the department shall prorate payments under this section on an equal per-pupil basis.

Sec. 21h. (1) From the appropriation in section 11, there is allocated \$6,137,400.00 for 2020-2021 for assisting districts assigned by the superintendent to participate in a partnership and districts that have established a community engagement advisory committee in partnership with the department of treasury, are required to submit a deficit elimination plan or an enhanced deficit elimination plan under section 1220 of the revised school code, MCL 380.1220, and are located in a city with a population between 9,000 and 11,000 that is in a county with a population between 155,000 and 160,000 to improve student achievement and district financial stability. The superintendent shall collaborate with the state treasurer to identify any conditions that may be contributing to low academic performance within a district being considered for assignment to a partnership. The purpose of the partnership is to identify district needs, develop intervention plans, and partner with public, private, and nonprofit organizations to coordinate resources and improve student achievement. Assignment of a district to a partnership is made by the superintendent in consultation with the state treasurer.

(2) A district described in subsection (1) is eligible for funding under this section if the district includes at least 1 school that has been identified as low performing under the approved federal accountability system or the state accountability system. A district described in this subsection must do all of the following to be eligible for funding under this section:

(a) For a partnership district under this section, within 90 days of assignment to the partnership described in this section, and for a district described in subsection (1) that is not a partnership district under this section, by October 15 of each year, complete a comprehensive needs assessment or evaluation in collaboration with an intermediate district, community members, education organizations, and postsecondary institutions, as applicable, that is approved by the superintendent. The comprehensive needs assessment or evaluation must include at least all of the following:

(i) A review of the district's implementation and utilization of a multi-tiered system of supports to ensure that it is used to appropriately inform instruction.

(ii) A review of the district and school building leadership and educator capacity to substantially improve student outcomes.

(iii) A review of classroom, instructional, and operational practices and curriculum to ensure alignment with research-based instructional practices and state curriculum standards.

(b) Develop an academic and financial operating or intervention plan that has been approved by the superintendent and that addresses the needs identified in the comprehensive needs assessment or evaluation completed under subdivision (a). The intervention plan must include at least all of the following:

(i) Specific actions that will be taken by the district and each of its partners to improve student achievement.

(ii) Specific measurable benchmarks that will be met within 18 months to improve student achievement and identification of expected student achievement outcomes to be attained within 3 years after assignment to the partnership.

(c) Craft academic goals that put pupils on track to meet or exceed grade level proficiency.

(3) Upon approval of the academic and financial operating or intervention plan developed under subsection (2), the department, in collaboration with the department of treasury, shall assign a team of individuals with expertise in comprehensive school and district reform to partner with the district, the intermediate district, community organizations, education organizations, and postsecondary institutions identified in the academic and financial operating or intervention plan to review the district's use of existing financial resources to ensure that those resources are being used as efficiently and effectively as possible to improve student academic achievement and to ensure district financial stability. The superintendent of public instruction may waive burdensome administrative rules for a partnership district for the duration of the partnership agreement and for a district described in subsection (1) that is not a partnership district under this section and that receives funding under this section in the current fiscal year.

(4) Funds allocated under this section, excluding funds allocated under subsection (5), may be used to pay for district expenditures approved by the superintendent to improve student achievement. Funds may be used for professional development for teachers or district or school leadership, increased instructional time, teacher mentors, or other expenditures that directly impact student achievement and cannot be paid from existing district financial resources. An eligible district must not receive funds under this section for more than 3 years. Notwithstanding section 17b, the department shall make payments to districts under this section on a schedule determined by the department.

(5) From the funds allocated under subsection (1), there is allocated for 2020-2021 an amount not to exceed \$137,400.00 for the purchase of a data analytics tool to be used by districts described in subsection (1). The superintendent of public instruction shall require districts described in subsection (1) to purchase a data analytics tool funded under this subsection as part of the agreements described in this section.

(6) The department, in consultation with the department of treasury, shall annually report to the legislature on the activities funded under this section and how those activities impacted student achievement in districts that received funds under this section. To the extent possible, participating districts receiving funding under this section shall participate in the report.

Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$4,916,000,000.00 for 2019-2020 and there is allocated an amount not to exceed \$4,880,500,000.00 for 2020-2021 for payments to districts and qualifying public school academies to guarantee each district and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this section that are not expended in the fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c to fully fund those allocations for the same fiscal year. For each fund transfer as described in the immediately preceding sentence that occurs, the state budget director shall send notification of the transfer to the house and senate appropriations subcommittees on state school aid and the house and senate fiscal agencies by not later than 14 calendar days after the transfer occurs.

(2) To ensure that a district receives an amount equal to the district's 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district's 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district's 1994-95 foundation allowance is an amount equal to the district's 1994-95 foundation allowance or \$6,500.00, whichever is less, minus the difference between the sum of the product of the taxable value per membership pupil of all property in the district that is nonexempt property times the district's certified mills and, for a district with certified mills exceeding 12, the product of the taxable value per membership pupil of property in the district that is commercial personal property times the certified mills minus 12 mills and the quotient of the ad valorem property tax revenue of the district captured under tax increment financing acts divided by the district's membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the department shall calculate the state portion of the district's foundation allowance as if that reduction did not occur. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, taxable value per membership pupil of all property in the receiving district that is nonexempt property and taxable value per membership pupil of property in the receiving district that is commercial personal property do not include property within the geographic area of the dissolved district; ad valorem property tax revenue of the receiving district captured under tax increment financing acts does not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts; and certified mills do not include the certified mills of the dissolved district. For a community district, the department shall reduce the allocation as otherwise calculated under this section by an amount equal to the amount of local school operating tax revenue that would otherwise be due to the community district if not for the operation of section 386 of the revised school code, MCL 380.386, and the amount of this reduction is offset by the increase in funding under section 22b(2).

(b) For a district that had a 1994-95 foundation allowance greater than \$6,500.00, the state payment under this subsection is the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision must be equal to the difference between the district's 1994-95 foundation allowance minus \$6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount is an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there is not a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under tax increment financing acts divided by the district's membership. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, ad valorem property tax revenue captured under tax increment financing acts do not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts.

(3) Beginning in 2003-2004, for pupils in membership in a qualifying public school academy, there is allocated under this section to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy an amount equal to the 1994-95 per pupil payment to the qualifying public school academy under section 20.

(4) A district or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district or qualifying public school academy otherwise would be eligible.

(5) Except as otherwise provided in this subsection, for a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation is the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the fiscal year in which the consolidation takes place who reside in the geographic area of each of the original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance is considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district.

(6) Payments under this section are subject to section 25g.

(7) As used in this section:

(a) "1994-95 foundation allowance" means a district's 1994-95 foundation allowance calculated and certified by the department of treasury or the superintendent under former section 20a as enacted in 1993 PA 336 and as amended by 1994 PA 283.

For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, school operating taxes do not include school operating taxes levied within the geographic area of the dissolved district.

(m) "Tax increment financing acts" means parts 2, 3, 4, and 6 of the recodified tax increment financing act, 2018 PA 57, MCL 125.4201 to 125.4420 and 125.4602 to 125.4629, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2670.

(n) "Taxable value per membership pupil" means each of the following divided by the district's membership:

(i) For the number of mills by which the exemption from the levy of school operating taxes on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, commercial personal property, and property occupied by a public school academy may be reduced as provided in section 1211 of the revised school code, MCL 380.1211, the taxable value of principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, commercial personal property, and property occupied by a public school academy for the calendar year ending in the current fiscal year. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, mills do not include mills within the geographic area of the dissolved district.

Sec. 22b. (1) For discretionary nonmandated payments to districts under this section, there is allocated for 2019-2020 an amount not to exceed \$4,499,100,000.00 from the state school aid fund and general fund appropriations in section 11 and an amount not to exceed \$75,900,000.00 from the community district education trust fund appropriation in section 11, and there is allocated for 2020-2021 an amount not to exceed \$4,488,800,000.00 from the state school aid fund and general fund appropriations in section 11 and an amount not to exceed \$77,700,000.00 from the community district education trust fund appropriation in section 11. Except for money allocated under this section from the community district education trust fund appropriation in section 11, funds allocated under this section that are not expended in the fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 51c to fully fund those allocations for the same fiscal year. For each fund transfer as described in the immediately preceding sentence that occurs, the state budget director shall send notification of the transfer to the house and senate appropriations subcommittees on state school aid and the house and senate fiscal agencies by not later than 14 calendar days after the transfer occurs.

(2) Subject to subsection (3) and section 296, the allocation to a district under this section is an amount equal to the sum of the amounts calculated under sections 20, 51a(2), 51a(3), and 51a(11), minus the sum of the allocations to the district under sections 22a and 51c. For a community district, the allocation as otherwise calculated under this section is increased by an amount equal to the amount of local school operating tax revenue that would otherwise be due to the community district if not for the operation of section 386 of the revised school code, MCL 380.386, and this increase must be paid from the community district education trust fund allocation in subsection (1) in order to offset the absence of local school operating revenue in a community district in the funding of the state portion of the foundation allowance under section 20(4).

(3) In order to receive an allocation under subsection (1), each district must do all of the following:

- (a) Comply with section 1280b of the revised school code, MCL 380.1280b.

(7) It is the intent of the legislature that all constitutional obligations of this state have been fully funded under sections 22a, 31d, 51a, 51c, and 152a. If a claim is made by an entity receiving funds under this article that challenges the legislative determination of the adequacy of this funding or alleges that there exists an unfunded constitutional requirement, the state budget director may escrow or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the claim before making any payments to districts under subsection (2). If funds are escrowed, the escrowed funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of litigation. The work project is completed upon resolution of the litigation.

(9) If a claim is made in court that challenges the legislative determination of the adequacy of funding for this state's constitutional obligations or alleges that there exists an unfunded constitutional requirement, any interested party may seek an expedited review of the claim by the local claims review board. If the claim exceeds \$10,000,000.00, this state may remove the action to the court of appeals, and the court of appeals has and shall exercise jurisdiction over the claim.

(10) If payments resulting from a final determination by the local claims review board or a court of competent jurisdiction that there has been a violation of section 29 of article IX of the state constitution of 1963 exceed the amount allocated for discretionary nonmandated payments under this section, the legislature shall provide for adequate funding for this state's constitutional obligations at its next legislative session.

(11) If a lawsuit challenging payments made to districts related to costs reimbursed by federal title XIX Medicaid funds is filed against this state, then, for the purpose of addressing potential liability under such a lawsuit, the state budget director may place funds allocated under this section in escrow or allocate money from the funds otherwise allocated under this section, up to a maximum of 50% of the amount allocated in subsection (1). If funds are placed in escrow under this subsection, those funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of the litigation. The work project is completed upon resolution of the litigation. In addition, this state reserves the right to terminate future federal title XIX Medicaid reimbursement payments to districts if the amount or allocation of reimbursed funds is challenged in the lawsuit. As used in this subsection, "title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-5.

The intermediate superintendents shall review the financial situation of each eligible district, determine the minimum essential financial needs of each eligible district, and develop and agree on a spending plan that distributes the available funding under subsection (2) to the eligible districts based on those financial needs. (a) Measurable academic outcomes that the district or public school academy will achieve for each school operated by the district or public school academy that is subject to the partnership agreement after 18 months and after 36 months from the date the agreement was originally signed. Measurable academic outcomes under this subdivision must include all of the following:

(b) Accountability measures to be imposed if the district or public school academy does not achieve the measurable academic outcomes described in subdivision (a) for each school operated by the district or public school academy that is subject to the partnership agreement. For a district assigned as a partnership district as described in this subsection, accountability measures under this subdivision must include the reconstitution of the school. For a public school academy assigned as a partnership district as described in this subsection, accountability measures under this subdivision may include the reconstitution of the school.

(c) For a public school academy assigned as a partnership district as described in this subsection, a requirement that, if reconstitution is imposed on a school that is operated by the public school academy and that is subject to the partnership agreement, the school must be reconstituted as described in section 507, 528, or 561, as applicable, of the revised school code, MCL 380.507, 380.528, and 380.561.

(d) For a district assigned as a partnership district as described in this subsection, a provision that, if reconstitution is imposed on a school that is operated by the district and that is subject to the partnership agreement, reconstitution may require closure of the school building, but, if the school building remains open, reconstitution must include, but is not limited to, all of the following:

The amount of the payment under this section to a district or intermediate district is calculated as prescribed under subsection (2).

(2) The department shall allocate the total amount allocated under this section by paying to the educating district or intermediate district an amount equal to the lesser of the district's or intermediate district's added cost or the department's approved per-pupil allocation for the district or intermediate district. For the purposes of this subsection:

(a) "Added cost" means 100% of the added cost each fiscal year for educating all pupils assigned by a court or the department of health and human services to reside in or to attend a juvenile detention facility or child caring institution licensed by the department of health and human services or the department of licensing and regulatory

affairs and approved by the department to provide an on-grounds education program. Added cost is computed by deducting all other revenue received under this article for pupils described in this section from total costs, as approved by the department, in whole or in part, for educating those pupils in the on-grounds education program or in a program approved by the department that is located on property adjacent to a juvenile detention facility or child caring institution. Costs reimbursed by federal funds are not included.

(b) "Department's approved per-pupil allocation" for a district or intermediate district is determined by dividing the total amount allocated under this section for a fiscal year by the full-time equated membership total for all pupils approved by the department to be funded under this section for that fiscal year for the district or intermediate district.

(3) A district or intermediate district educating pupils described in this section at a residential child caring institution may operate, and receive funding under this section for, a department-approved on-grounds educational program for those pupils that is longer than 181 days, but not longer than 233 days, if the child caring institution was licensed as a child caring institution and offered in 1991-92 an on-grounds educational program that was longer than 181 days but not longer than 233 days and that was operated by a district or intermediate district.

(4) Special education pupils funded under section 53a are not funded under this section.

The amount of the payment to each intermediate district is an amount equal to the state share of those costs that are clearly and directly attributable to the educational programs for pupils placed in facilities described in this section that are located within the intermediate district's boundaries. The intermediate districts receiving payments under this section shall cooperate with the department of health and human services to ensure that all funding allocated under this section is utilized by the intermediate district and department of health and human services for educational programs for pupils described in this section. Pupils described in this section are not eligible to be funded under section 24. However, a program responsibility or other fiscal responsibility associated with these pupils must not be transferred from the department of health and human services to a district or intermediate district unless the district or intermediate district consents to the transfer.

Sec. 25f. (1) From the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed \$1,600,000.00 for 2020-2021 for payments to strict discipline academies established under sections 1311b to 1311m of the revised school code, MCL 380.1311b to 380.1311m, as provided under this section.

(2) In order to receive funding under this section, a strict discipline academy must first comply with section 25e and use the pupil transfer process under that section for changes in enrollment as prescribed under that section.

(3) The total amount allocated to a strict discipline academy under this section must first be distributed as the lesser of the strict discipline academy's added cost or the department's approved per-pupil allocation for the strict discipline academy. Any funds remaining after the first distribution must be distributed by prorating on an equal per-pupil membership basis, not to exceed a strict discipline academy's added cost. However, the sum of the amounts received by a strict discipline academy under this section and under section 24 must not exceed the product of the strict discipline academy's per-pupil allocation calculated under section 20 multiplied by the strict discipline academy's full-time equated membership. The department shall allocate funds to strict discipline academies under this section on a monthly basis. For the purposes of this subsection:

(a) "Added cost" means 100% of the added cost each fiscal year for educating all pupils enrolled and in regular daily attendance at a strict discipline academy. Added cost must be computed by deducting all other revenue received under this article for pupils described in this subsection from total costs, as approved by the department, in whole or in part, for educating those pupils in a strict discipline academy. The department shall include all costs including, but not limited to, educational costs, insurance, management fees, technology costs, legal fees, auditing fees, interest, pupil accounting costs, and any other administrative costs necessary to operate the program or to comply with statutory requirements. Costs reimbursed by federal funds are not included.

(b) "Department's approved per-pupil allocation" for a strict discipline academy is determined by dividing the total amount allocated under this subsection for a fiscal year by the full-time equated membership total for all pupils approved by the department to be funded under this subsection for that fiscal year for the strict discipline academy.

(4) Special education pupils funded under section 53a are not funded under this section.

(5) If the funds allocated under this section are insufficient to fully fund the adjustments under subsection (3), the department shall prorate payments under this section on an equal per-pupil basis.

(6) The department shall make payments to districts under this section according to the payment schedule under section 17b.

Sec. 25g. (1) From the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed \$750,000.00 for 2020-2021 for the purposes of this section. Except as otherwise provided in this section, if the operation of the special membership counting provisions under section 6(4)(dd) and the other membership counting provisions under section 6(4) result in a pupil being counted as more than 1.0 FTE in a fiscal year, then the payment made for the pupil under sections 22a and 22b must not be based on more than 1.0 FTE for that pupil, and that portion of the FTE that exceeds 1.0 is paid under this section in an amount equal to that portion multiplied by the educating district's foundation allowance or per-pupil payment calculated under section 20.

(2) Special education pupils funded under section 53a are not funded under this section.

(3) If the funds allocated under this section are insufficient to fully fund the adjustments under subsection (1), the department shall prorate payments under this section on an equal per-pupil basis.

(4) The department shall make payments to districts under this section according to the payment schedule under section 17b.

(2) If the amount appropriated under this section is not sufficient to fully pay obligations under this section, payments are prorated on an equal basis among all eligible districts, intermediate districts, and community college districts.

- (b) Section 31a, at risk, standard programming, \$510,000,000.00.
- (c) Section 31a, at risk, additional payment, \$12,000,000.00.
- (d) Section 41, bilingual education for English language learners, \$13,000,000.00.
- (e) Section 51c, special education, mandated percentages, \$713,400,000.00.
- (f) Section 51f, special education, additional percentages, \$60,207,000.00.
- (g) Section 61a, career and technical education, standard reimbursement, \$37,611,300.00.
- (h) Section 61d, career and technical education incentives, \$5,000,000.00.

(2) The funding described in subsection (1) is not a separate allocation of any funding but is instead a listing of funding allocated in the sections listed in subsection (1).

Sec. 29a. (1) From the state school aid fund money appropriated under section 11, there is allocated for 2020-2021 an amount not to exceed \$66,000,000.00 for payments as provided under this section to eligible districts described in subsection (2).

(2) A district for which its 2020-2021 pupils in membership exceeds the calculation of membership for that district under section 6(4) for 2020-2021 is an eligible district under this section.

(3) The payment to each eligible district under this section must be equal to the lesser of the eligible district's foundation allowance or the target foundation allowance multiplied by the difference between the eligible district's 2020-2021 pupils in membership and the eligible district's membership for 2020-2021 as calculated under section 6(4).

(4) If funds allocated under this section are insufficient to fully fund the calculations under this section, the department shall apply proration of an equal dollar amount per pupil.

(5) As used in this section, "2020-2021 pupils in membership" means the sum of (the product of .90 times the number of full-time equated pupils engaged in pandemic learning for fall 2020 or, for a district that is a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district on pupil membership count day for the current school year) and (the product of .10 times the final audited count from the supplemental count day of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the district for the immediately preceding school year).

Sec. 31a. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2020-2021 an amount not to exceed \$535,150,000.00 for payments to eligible districts and eligible public school academies for the purposes of ensuring that pupils are proficient in English language arts by the end of grade 3, that pupils are proficient in mathematics by the end of grade 8, that pupils are attending school regularly, that high school graduates are career and college ready, and for the purposes under subsections (7) and (8).

(2) For a district that has combined state and local revenue per membership pupil under section 20 that is greater than the target foundation allowance under section 20 for the current fiscal year and that, for the immediately preceding fiscal year, had combined state and local revenue per membership pupil under section 20 that was greater than the target foundation allowance under section 20 that was in effect for that fiscal year, the allocation under this section is an amount equal to 30% of the allocation for which it would otherwise be eligible under this section before any proration under subsection (14). It is the intent of the legislature that, if revenues are sufficient and if districts with combined state and local revenue per membership pupil under section 20 that is below the target foundation allowance are receiving nonprorated payments under this section, the percentage in the immediately preceding sentence must be increased annually until it reaches 100%. If a district has combined state and local revenue per membership pupil under section 20 that is greater than the target foundation allowance under section 20 for the current fiscal year, but for the 2018-2019 fiscal year had combined state and local revenue per membership pupil under section 20 that was less than the basic foundation allowance

under section 20 that was in effect for the 2018-2019 fiscal year, the district shall receive an amount per pupil equal to 11.5% of the statewide weighted average foundation allowance, as applied under subsection (4), and before any proration under subsection (14).

(3) For a district or public school academy to be eligible to receive funding under this section, other than funding under subsection (7) or (8), the district or public school academy, for grades K to 12, must comply with the requirements under section 1280f of the revised school code, MCL 380.1280f, and shall use resources to address early literacy and numeracy, and for at least grades K to 12 or, if the district or public school academy does not operate all of grades K to 12, for all of the grades it operates, must implement a multi-tiered system of supports that is an evidence based framework that uses data driven problem solving to integrate academic and behavioral instruction and that uses intervention delivered to all pupils in varying intensities based on pupil needs. The multi-tiered system of supports described in this subsection must provide at least all of the following essential components:

- (a) Team-based leadership.
- (b) A tiered delivery system.
- (c) Selection and implementation of instruction, interventions, and supports.
- (d) A comprehensive screening and assessment system.
- (e) Continuous data-based decision making.

(4) From the funds allocated under subsection (1), there is allocated for 2020-2021 an amount not to exceed \$510,000,000.00 to continue a weighted foundation per pupil payment for districts and public school academies enrolling economically disadvantaged pupils. The department shall pay under this section to each eligible district or eligible public school academy an amount per pupil equal to 11.5% of the statewide weighted average foundation allowance for the following, as applicable:

(a) Except as otherwise provided under subdivision (b), (c), or (d) the greater of the following:

(i) The number of membership pupils in the district or public school academy who are determined to be economically disadvantaged, as reported to the center in the form and manner prescribed by the center not later than the fifth Wednesday after the pupil membership count day of the immediately preceding fiscal year.

(ii) If the district or public school academy is in the community eligibility program, the number of pupils determined to be eligible based on the product of the identified student percentage multiplied by the total number of pupils in the district or public school academy, as reported to the center in the form and manner prescribed by the center not later than the fifth Wednesday after the pupil membership count day of the immediately preceding fiscal year. These calculations must be made at the building level. This subparagraph only applies to an eligible district or eligible public school academy for the fiscal year immediately following the first fiscal year in which it is in the community eligibility program. As used in this subparagraph, "identified student percentage" means the quotient of the number of pupils in an eligible district or eligible public school academy who are determined to be economically disadvantaged, as reported to the center in a form and manner prescribed by the center, not later than the fifth Wednesday after the pupil membership count day in the fiscal year preceding the first fiscal year in which the eligible district or eligible public school academy is in the community eligibility program, divided by the total number of pupils counted in an eligible district or eligible public school academy on the pupil membership count day in the fiscal year preceding the first fiscal year in which the eligible district or eligible public school academy is in the community eligibility program.

(b) If the district or public school academy began operations as a district or public school academy after the pupil membership count day of the immediately preceding school year, the number of membership pupils in the district or public school academy who are determined to be economically disadvantaged, as reported to the center in the form and manner prescribed by the center not later than the fifth Wednesday after the pupil membership count day of the current fiscal year.

(c) If the district or public school academy began operations as a district or public school academy after the pupil membership count day of the current fiscal year, the number of membership pupils in the district or public school academy who are determined to be economically disadvantaged, as reported to the center in the form and manner prescribed by the center not later than the fifth Wednesday after the supplemental count day of the current fiscal year.

(d) If, for a particular fiscal year, the number of membership pupils in a district or public school academy who are determined under subdivision (a) to be economically disadvantaged or to be eligible based on the identified student percentage varies by more than 20 percentage points from the number of those pupils in the district or public school academy as calculated under subdivision (a) for the immediately preceding fiscal year caused by an egregious reporting error by the district or public school academy, the department may choose to have the calculations under subdivision (a) instead be made using the number of membership pupils in the district or public school academy who are determined to be economically disadvantaged, as reported to the center in the form and

manner prescribed by the center not later than the fifth Wednesday after the supplemental count day of the immediately preceding fiscal year.

(5) Except as otherwise provided in this section, a district or public school academy receiving funding under this section shall use that money only to provide instructional programs and direct noninstructional services, including, but not limited to, medical, mental health, or counseling services, for at-risk pupils; for school health clinics; and for the purposes of subsection (6), (7), or (8). In addition, a district that is a school district of the first class or a district or public school academy in which at least 50% of the pupils in membership were determined to be economically disadvantaged in the immediately preceding state fiscal year, as determined and reported as described in subsection (4), may use not more than 20% of the funds it receives under this section for school security that aligns to the needs assessment and the multi-tiered system of supports model. A district or public school academy shall not use any of that money for administrative costs. The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year.

(6) A district or public school academy that receives funds under this section and that operates a school breakfast program under section 1272a of the revised school code, MCL 380.1272a, shall use from the funds received under this section an amount, not to exceed \$10.00 per pupil for whom the district or public school academy receives funds under this section, necessary to pay for costs associated with the operation of the school breakfast program.

(7) From the funds allocated under subsection (1), there is allocated for 2020-2021 an amount not to exceed \$8,000,000.00 to support primary health care services provided to children and adolescents up to age 21. These funds must be expended in a form and manner determined jointly by the department and the department of health and human services. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds must be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (14) for that fiscal year.

(8) From the funds allocated under subsection (1), there is allocated for 2020-2021 an amount not to exceed \$5,150,000.00 for the state portion of the hearing and vision screenings as described in section 9301 of the public health code, 1978 PA 368, MCL 333.9301. A local public health department shall pay at least 50% of the total cost of the screenings. The frequency of the screenings must be as required under R 325.13091 to R 325.13096 and R 325.3271 to R 325.3276 of the Michigan Administrative Code. Funds must be awarded in a form and manner approved jointly by the department and the department of health and human services. Notwithstanding section 17b, the department shall make payments to eligible entities under this subsection on a schedule determined by the department.

(9) Each district or public school academy receiving funds under this section shall submit to the department by July 15 of each fiscal year a report, in the form and manner prescribed by the department, that includes a brief description of each program conducted or services performed by the district or public school academy using funds under this section, the amount of funds under this section allocated to each of those programs or services, the total number of at risk pupils served by each of those programs or services, and the data necessary for the department and the department of health and human services to verify matching funds for the temporary assistance for needy families program. In prescribing the form and manner of the report, the department shall ensure that districts are allowed to expend funds received under this section on any activities that are permissible under this section. If a district or public school academy does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy complies with this subsection. If the district or public school academy does not comply with this subsection by the end of the fiscal year, the withheld funds are forfeited to the school aid fund.

(10) In order to receive funds under this section, a district or public school academy must allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district or public school academy shall reimburse the state for all disallowances found in the audit.

(11) Subject to subsections (6), (7), and (8), for schools in which more than 40% of pupils are identified as at-risk, a district or public school academy may use the funds it receives under this section to implement tier 1, evidence-based practices in schoolwide reforms that are guided by the district's comprehensive needs assessment and are included in the district improvement plan. Schoolwide reforms must include parent and community supports, activities, and services, that may include the pathways to potential program created by the department of health and human services or the communities in schools program. As used in this subsection, "tier 1, evidence-based practices" means research based instruction and classroom interventions that are available to all learners and effectively meet the needs of most pupils.

(12) A district or public school academy that receives funds under this section may use up to 7.5% of those funds to provide research based professional development and to implement a coaching model that supports the multi-tiered system of supports framework. Professional development may be provided to district and school leadership and teachers and must be aligned to professional learning standards; integrated into district, school building, and classroom practices; and solely related to the following:

(a) Implementing the multi-tiered system of supports required in subsection (3) with fidelity and utilizing the data from that system to inform curriculum and instruction.

(b) Implementing section 1280f of the revised school code, MCL 380.1280f, as required under subsection (3), with fidelity.

(13) A district or public school academy that receives funds under this section may use funds received under this section to support instructional or behavioral coaches. Funds used for this purpose are not subject to the cap under subsection (12).

(14) If necessary, and before any proration required under section 296, the department shall prorate payments under this section, except payments under subsection (7), (8), or (16), by reducing the amount of the allocation as otherwise calculated under this section by an equal percentage per district.

(15) If a district is dissolved pursuant to section 12 of the revised school code, MCL 380.12, the intermediate district to which the dissolved district was constituent shall determine the estimated number of pupils that are economically disadvantaged and that are enrolled in each of the other districts within the intermediate district and provide that estimate to the department for the purposes of distributing funds under this section within 60 days after the district is declared dissolved.

(16) From the funds allocated under subsection (1), there is allocated for 2020-2021 an amount not to exceed \$12,000,000.00 for payments to districts and public school academies that otherwise received an allocation under this subsection for 2019-2020 and whose allocation under this section for 2019-2020, excluding any payments under subsection (7) or (8), would have been more than the district's or public school academy's allocation under this section for 2020-2021 as calculated under subsection (4) only and as adjusted under subsection (14). The allocation for each district or public school academy under this subsection is an amount equal to its allocation under this section for 2019-2020 minus its allocation as otherwise calculated under subsection (4) for 2020-2021, as adjusted by subsection (14), using in those calculations the 2017-2018 number of pupils determined to be economically disadvantaged. However, if the allocation as otherwise calculated under this subsection would have been less than \$0.00, the allocation under this subsection is \$0.00. If necessary, and before any proration required under section 296, the department shall prorate payments under this subsection by reducing the amount of the allocation as otherwise calculated under this subsection by an equal percentage per district or public school academy. Any unexpended funds under this subsection are to be distributed through payments made under subsection (4) as provided under subsection (4), but those funds must not be factored into calculating payments under this subsection.

(17) A district or public school academy that receives funds under this section may use funds received under this section to provide an anti-bullying or crisis intervention program.

(18) The department shall collaborate with the department of health and human services to prioritize assigning Pathways to Potential Success coaches to elementary schools that have a high percentage of pupils in grades K to 3 who are not proficient in English language arts, based upon state assessments for pupils in those grades.

(19) As used in this section:

(a) "At-risk pupil" means a pupil in grades K to 12 for whom the district has documentation that the pupil meets any of the following criteria:

(i) The pupil is economically disadvantaged.

(ii) The pupil is an English language learner.

(iii) The pupil is chronically absent as defined by and reported to the center.

(iv) The pupil is a victim of child abuse or neglect.

(v) The pupil is a pregnant teenager or teenager parent.

(vi) The pupil has a family history of school failure, incarceration, or substance abuse.

(vii) The pupil is an immigrant who has immigrated within the immediately preceding 3 years.

(viii) The pupil did not complete high school in 4 years and is still continuing in school as identified in the Michigan cohort graduation and dropout report.

(ix) For pupils for whom the results of the state summative assessment have been received, is a pupil who did not achieve proficiency on the English language arts, mathematics, science, or social studies content area assessment.

(x) Is a pupil who is at risk of not meeting the district's or public school academy's core academic curricular objectives in English language arts or mathematics, as demonstrated on local assessments.

(b) "Economically disadvantaged" means a pupil who has been determined eligible for free or reduced-price meals as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769j; who is in a household receiving supplemental nutrition assistance program or temporary assistance for needy families assistance; or who is homeless, migrant, or in foster care, as reported to the center.

(c) "English language learner" means limited English proficient pupils who speak a language other than English as their primary language and have difficulty speaking, reading, writing, or understanding English as reported to the center.

(d) "Statewide weighted average foundation allowance" means the number that is calculated by adding together the result of each district's or public school academy's foundation allowance, not to exceed the target foundation allowance for the current fiscal year, or per-pupil payment calculated under section 20 multiplied by the number of pupils in membership in that district or public school academy, and then dividing that total by the statewide number of pupils in membership.

Sec. 31d. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$23,144,000.00 for 2020-2021 for the purpose of making payments to districts and other eligible entities under this section.

(2) The amounts allocated from state sources under this section are used to pay the amount necessary to reimburse districts for 6.0127% of the necessary costs of the state mandated portion of lunch programs provided by those districts. The department shall calculate the amount due to each district under this section using the methods of calculation adopted by the Michigan supreme court in the consolidated cases known as *Durant v State of Michigan*, 456 Mich 175 (1997).

(3) The payments made under this section include all state payments made to districts so that each district receives at least 6.0127% of the necessary costs of operating the state mandated portion of the lunch program in a fiscal year.

(4) The payments made under this section to districts and other eligible entities that are not required under section 1272a of the revised school code, MCL 380.1272a, to provide a lunch program must, except for in 2020-2021, be in an amount not to exceed \$10.00 per eligible pupil plus 5 cents for each free lunch and 2 cents for each reduced price lunch provided, as determined by the department. For 2020-2021 only, the amount described in this subsection is not to exceed \$10.00 per eligible pupil plus 5 cents for each lunch provided, as determined by the department.

(5) From the federal funds appropriated in section 11, there is allocated for 2020-2021 all available federal funding, estimated at \$545,000,000.00 for child nutrition programs and all available federal funding, estimated at \$5,000,000.00 for food distribution programs.

(6) Notwithstanding section 17b, the department shall make payments to eligible entities other than districts under this section on a schedule determined by the department.

(7) In purchasing food for a lunch program funded under this section, a district or other eligible entity shall give preference to food that is grown or produced by Michigan businesses if it is competitively priced and of comparable quality.

Sec. 31f. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$4,500,000.00 for 2020-2021 for the purpose of making payments to districts to reimburse for the cost of providing breakfast.

(2) The funds allocated under this section for school breakfast programs are made available to all eligible applicant districts that meet all of the following criteria:

(a) The district participates in the federal school breakfast program and meets all standards as prescribed by 7 CFR parts 210, 220, 225, 226, and 245.

(b) Each breakfast eligible for payment meets the federal standards described in subdivision (a).

(3) The payment for a district under this section is at a per meal rate equal to the lesser of the district's actual cost or 100% of the statewide average cost of a meal served, as determined and approved by the department, less federal reimbursement, participant payments, and other state reimbursement. The department shall determine the statewide average cost using costs as reported in a manner approved by the department for the preceding school year.

(4) Notwithstanding section 17b, the department may make payments under this section pursuant to an agreement with the department.

(5) In purchasing food for a school breakfast program funded under this section, a district shall give preference to food that is grown or produced by Michigan businesses if it is competitively priced and of comparable quality.

Sec. 31j. (1) From the general fund money appropriated in section 11, there is allocated an amount not to

exceed \$200,000.00 and from the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed \$1,800,000.00 for 2020-2021 for a program to support districts and sponsors of child care centers in the purchase of locally grown fruits and vegetables as described in this section.

(2) Funding retained by districts and the sponsors of child care centers that administer the program must not exceed 10%, and funding retained by the department for administration must not exceed 6%. A district or the sponsor of a child care center may enter into a memorandum of understanding with the department or another district or sponsor of a child care center, or both, to administer the program. If the department administers the program for a district or the sponsor of a child care center, the department may retain up to 10% of that district's or sponsor's funding for administration or may distribute some or all of that 10% to project partners as appropriate.

(3) The department shall develop and implement a competitive grant program for districts and sponsors of child care centers to assist in paying for the costs incurred by the district or the sponsor of the child care center to purchase or increase purchases of whole or minimally processed fruits, vegetables, and legumes grown in this state. The maximum amount that may be drawn down on a grant to a district or the sponsor of a child care center is based on the number of meals served by the district during the previous school year under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769j, or meals served by the sponsor of the child care center in the previous school year. The department shall collaborate with the Michigan department of agriculture and rural development to provide training to newly participating schools and sponsors of child care centers and electronic information on Michigan agriculture.

(4) The goals of the program under this section include improving daily nutrition and eating habits for children through the school and child care settings while investing in Michigan's agricultural and related food business economy.

(5) A district or the sponsor of a child care center that receives a grant under this section shall use those funds for the costs incurred by the district or the sponsor to purchase whole or minimally processed fruits, vegetables, and legumes that meet all of the following:

(a) Were purchased for the 2020-2021 fiscal year, including purchases to launch meals in August 2020 and September 2020.

(b) Are grown in this state and, if minimally processed, are also processed in this state.

(c) Are used for meals that are served as part of the United States Department of Agriculture's child nutrition programs.

(6) For Michigan-grown fruits, vegetables, and legumes that satisfy the requirements of subsection (5), the department shall make matching reimbursements in an amount not to exceed 10 cents for every school meal that is served as part of the United States Department of Agriculture's child nutrition programs and that uses Michigan-grown fruits, vegetables, and legumes.

(7) A district or the sponsor of a child care center that receives a grant for reimbursement under this section shall use the grant to purchase whole or minimally processed fruits, vegetables, and legumes that are grown in this state and, if minimally processed, are also processed in this state.

(8) In awarding grants under this section, the department shall work in conjunction with districts and sponsors of child care centers, in consultation with Michigan-based farm to school resource organizations, to develop scoring criteria that assess an applicant's ability to procure Michigan-grown products, prepare and menu Michigan-grown products, promote and market Michigan-grown products, and submit letters of intent from districts or the sponsors of child care centers on plans for educational activities that promote the goals of the program.

(9) The department shall give preference to districts or sponsors of child care centers that propose educational activities that meet 1 or more of the following: promote healthy food activities; have clear educational objectives; involve parents or the community; connect to a school's or child care center's farm-to-school or farm-to-early-child-care procurement activities; and market and promote the program, leading to increased pupil knowledge and consumption of Michigan-grown products. The department shall give stronger weighting and consideration to applications with robust marketing and promotional activities.

(10) In awarding grants, the department shall also consider all of the following:

(a) The percentage of children who qualify for free or reduced price school meals under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769j.

(b) The variety of school or child care center sizes and geographic locations within the identified prosperity regions.

(c) The existing or future collaboration opportunities between more than 1 district or child care center.

(11) As a condition of receiving a grant under this section, a district or the sponsor of a child care center shall provide or direct its vendors to provide to the department copies of monthly receipts that show the quantity of different Michigan-grown fruits, vegetables, and legumes purchased, the amount of money spent on each of these products, the name and Michigan location of the farm that grew the products, and the methods or plans to market and promote the program. The district or the sponsor of a child care center also shall provide to the department monthly lunch numbers and lunch participation rates and calendars or monthly menus noting when and how Michigan-grown products were used in meals. The district or the sponsor of the child care center and school or child care center food service director or directors also shall agree to respond to brief online surveys and to provide a report that shows the percentage relationship of Michigan spending compared to total food spending. Not later than 60 days after the end of the school year in which funds under this section were received, each district or each sponsor of a child care center shall submit a report to the department on outcomes and related measurements for economic development and children's nutrition and readiness to learn. The report must include at least both of the following:

(a) The extent to which farmers and related businesses, including distributors and processors, saw an increase in market opportunities and income generation through sales of Michigan or local products to districts and sponsors of child care centers. All of the following apply for purposes of this subdivision:

(i) The data used to determine the amount of this increase are the total dollar amount of Michigan or local fruits, vegetables, and legumes purchased by schools and sponsors of child care centers, along with the number of different types of products purchased; school and child care center food purchasing trends identified along with products that are of new and growing interest among food service directors; the number of businesses impacted; and the percentage of total food budget spent on Michigan-grown fruits, vegetables, and legumes.

(ii) The district or the sponsor of a child care center shall use purchasing data collected for the program and surveys of school and child care food service directors on the impact and success of the program as the source for the data described in subparagraph (i).

(b) The ability to which pupils can access a variety of healthy Michigan-grown foods through schools and child care centers and increase their consumption of those foods. All of the following apply for purposes of this subdivision:

(i) The data used to determine whether this subdivision is met are the number of pupils exposed to Michigan-grown fruits, vegetables, and legumes at schools and child care centers; the variety of products served; new items taste-tested or placed on menus; and the increase in pupil willingness to try new local healthy foods.

(ii) The district or the sponsor of a child care center shall use purchasing data collected for the project, meal count and enrollment numbers, school menu calendars, and surveys of school and child care food service directors as the source for the data described in subparagraph (i).

(12) The department shall compile the reports provided by districts and sponsors of child care centers under subsection (11) into 1 legislative report. The department shall provide this report not later than November 1, 2021 to the house and senate subcommittees responsible for state school aid, the house and senate fiscal agencies, and the state budget director.

(13) Notwithstanding section 17b, the department shall make payments under this section on a schedule determined by the department.

Sec. 31k. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2020-2021 only an amount not to exceed \$1,000,000.00 for payments to eligible districts as described in this section.

(2) Subject to subsection (6), districts requesting funding under this section must apply in a form and manner prescribed by the department by not later than December 1, 2020. However, districts requesting funding under this section through a second application described in subsection (6) must apply in a form and manner prescribed by the department by not later than May 1, 2021.

(3) A district that demonstrates to the department that all outstanding student-meal debt has been forgiven is an eligible district under this section.

(4) Subject to subsection (9), the department shall provide payments to eligible districts in an amount necessary to reimburse the eligible districts for the cost of forgiving all outstanding student-meal debt.

(5) Notwithstanding section 17b, the department shall make reimbursement payments under subsection (4) to all eligible districts by not later than 60 days after December 1, 2020.

(6) Subject to subsection (9), if the amount paid to eligible districts under subsection (4) is less than the amount allocated under subsection (1), the department may distribute the remaining funds to eligible districts through a second application in an amount necessary to reimburse eligible districts for the cost of forgiving all outstanding student-meal debt. An eligible district receiving a reimbursement payment under subsection (4) is not eligible for a reimbursement payment through a second application under this subsection.

(7) Except as otherwise provided under subsection (6) and notwithstanding section 17b, the department shall make reimbursement payments under subsection (6) as provided under subsection (6) to all eligible districts by not later than 60 days after May 1, 2021.

(8) An eligible district receiving payments under this section shall adopt policies to prevent public identification or stigmatization of pupils who cannot pay for a school meal. These policies must prohibit all of the following:

(a) Requiring pupils who cannot pay for a school meal or who owe a student-meal debt to wear a wristband or handstamp.

(b) Requiring pupils who cannot pay for a school meal or who owe a student-meal debt to perform chores or other work to pay for school meals.

(c) Requiring a pupil to dispose of a meal after it has been served because the pupil is unable to pay for the meal or owes a student-meal debt.

(d) Communicating directly with a pupil about a student-meal debt unless the district has attempted to contact, but has been unsuccessful in communicating with, a pupil's parent or legal guardian through telephone, mail, and electronic mail.

(e) Discussing a pupil's student-meal debt in the presence of other pupils.

(9) If the amount allocated under this section is insufficient to fully reimburse the cost of student-meal debt forgiveness for all eligible districts, the department shall prorate the reimbursement on an equal percentage per district.

Sec. 31n. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2019-2020 for the purposes of this section an amount not to exceed \$30,000,000.00 and from the general fund money appropriated in section 11, there is allocated for 2019-2020 for the purposes of this section an amount not to exceed \$1,300,000.00. From the state school aid fund money appropriated in section 11, there is allocated for 2020-2021 for the purposes of this section an amount not to exceed \$35,600,000.00 and from the general fund money appropriated in section 11, there is allocated for 2020-2021 for the purposes of this section an amount not to exceed \$1,300,000.00. The department and the department of health and human services shall continue a program to distribute this funding to add licensed behavioral health providers for general education pupils, and shall continue to seek federal Medicaid match funding for all eligible mental health and support services.

(2) The department and the department of health and human services shall maintain an advisory council for programs funded under this section. The advisory council shall define goals for implementation of programs funded under this section, and shall provide feedback on that implementation. At a minimum, the advisory council shall consist of representatives of state associations representing school health, school mental health, school counseling, education, health care, and other organizations, representatives from the department and the department of health and human services, and a representative from the school safety task force created under Executive Order No. 2018-5. The department and department of health and human services, working with the advisory council, shall determine an approach to increase capacity for mental health and support services in schools for general education pupils, and shall determine where that increase in capacity qualifies for federal Medicaid match funding.

(3) The advisory council shall develop a fiduciary agent checklist for intermediate districts to facilitate development of a plan to submit to the department and to the department of health and human services. The department and department of health and human services shall determine the requirements and format for intermediate districts to submit a plan for possible funding under subsection (5). The department shall make applications for funding for this program available to districts and intermediate districts not later than December 1, 2019, for the 2019-2020 fiscal year and December 1, 2020 for the 2020-2021 fiscal year and shall award the funding not later than February 1, 2020 for the 2019-2020 fiscal year and February 1, 2021 for the 2020-2021 fiscal year.

(4) The department of health and human services shall seek to amend the state Medicaid plan or obtain appropriate Medicaid waivers as necessary for the purpose of generating additional Medicaid match funding for school mental health and support services for general education pupils. The intent is that a successful state plan amendment or other Medicaid match mechanisms will result in additional federal Medicaid match funding for both the new funding allocated under this section and for any expenses already incurred by districts and intermediate districts for mental health and support services for general education pupils.

(5) From the state school aid fund money allocated under subsection (1), there is allocated for 2019-2020 an amount not to exceed \$6,500,000.00 and there is allocated for 2020-2021 an amount not to exceed \$9,300,000.00 to be distributed to the network of child and adolescent health centers to place a licensed master's level behavioral health provider in schools that do not currently have services available to general education students. Child and

adolescent health centers that are part of the network described in this subsection shall provide a commitment to maintain services and implement all available federal Medicaid match methodologies. The department of health and human services shall use all existing or additional federal Medicaid match opportunities to maximize funding allocated under this subsection. The department shall provide funds under this subsection to child and adolescent health centers that are part of the network described in this subsection in the same proportion that funding under section 31a(7) is provided to child and adolescent health centers that are part of the network described in this subsection and that are located and operating in those districts. A payment from funding allocated under this subsection must not be paid to an entity that is not part of the network described in this subsection.

(6) From the state school aid fund money allocated under subsection (1), there is allocated for 2019-2020 an amount not to exceed \$23,000,000.00 and there is allocated for 2020-2021 an amount not to exceed \$25,800,000.00 to be distributed to intermediate districts for the provision of mental health and support services to general education students. From the funds allocated under this subsection, the department shall distribute \$410,700.00 for 2019-2020 and \$460,700.00 for 2020-2021 to each intermediate district that submits a plan approved by the department and the department of health and human services. The department and department of health and human services shall work cooperatively in providing oversight and assistance to intermediate districts during the plan submission process and shall monitor the program upon implementation. An intermediate district shall use funds awarded under this subsection to provide funding to its constituent districts, including public school academies that are considered to be constituent districts under section 705(7) of the revised school code, MCL 380.705, for the provision of mental health and support services to general education students. In addition to the criteria identified under subsection (7), an intermediate district shall consider geography, cost, or other challenges when awarding funding to its constituent districts. If funding awarded to an intermediate district remains after funds are provided by the intermediate district to its constituent districts, the intermediate district may hire or contract for experts to provide mental health and support services to general education students residing within the boundaries of the intermediate district, including, but not limited to, expanding, hiring, or contracting for staff and experts to provide those services directly or to increase access to those services through coordination with outside mental health agencies.

(7) A district requesting funds under this section from the intermediate district in which it is located shall submit an application for funding for the provision of mental health and support services to general education pupils. A district receiving funding from the application process described in this subsection shall provide services to nonpublic students upon request. An intermediate district shall not discriminate against an application submitted by a public school academy simply on the basis of the applicant being a public school academy. The department shall approve grant applications based on the following criteria:

(a) The district's commitment to maintain mental health and support services delivered by licensed providers into future fiscal years.

(b) The district's commitment to work with its intermediate district to use funding it receives under this section that is spent by the district for general education pupils toward participation in federal Medicaid match methodologies. A district must provide a local match of at least 20% of the funding allocated to the district under section 31n.

(c) The district's commitment to adhere to any local funding requirements determined by the department and the department of health and human services.

(d) The extent of the district's existing partnerships with community health care providers or the ability of the district to establish such partnerships.

(e) The district's documentation of need, including gaps in current mental health and support services for the general education population.

(f) The district's submission of a formal plan of action identifying the number of schools and students to be served.

(g) Whether the district will participate in ongoing trainings.

(h) Whether the district will submit an annual report to the state.

(i) Whether the district demonstrates a willingness to work with the state to establish program and service delivery benchmarks.

(j) Whether the district has developed a school safety plan or is in the process of developing a school safety plan.

(k) Any other requirements determined by the department or the department of health and human services.

(8) Funding under this section, including any federal Medicaid funds that are generated, must not be used to supplant existing services.

(9) Both of the following are allocated to the department of health and human services from the general fund money allocated under subsection (1):

(a) For 2019-2020, an amount not to exceed \$1,000,000.00 and for 2020-2021, an amount not to exceed \$1,000,000.00 for the purpose of upgrading technology and systems infrastructure and other administrative requirements to support the programs funded under this section.

(b) For 2019-2020, an amount not to exceed \$300,000.00 and for 2020-2021, an amount not to exceed \$300,000.00 for the purpose of administering the programs under this section and working on generating additional Medicaid funds as a result of programs funded under this section.

(10) From the state school aid fund money allocated under subsection (1), there is allocated for 2019-2020 an amount not to exceed \$500,000.00 and there is allocated for 2020-2021 an amount not to exceed \$500,000.00 to intermediate districts on an equal per intermediate district basis for the purpose of administering programs funded under this section.

(11) The department and the department of health and human services shall work with the advisory council to develop proposed measurements of outcomes and performance. Those measurements must include, at a minimum, the number of pupils served, the number of schools served, and where those pupils and schools were located. The department and the department of health and human services shall compile data necessary to measure outcomes and performance, and districts and intermediate districts receiving funding under this section shall provide data requested by the department and department of health and human services for the measurement of outcomes and performance. The department and department of health and human services shall provide an annual report not later than December 1 of each year to the house and senate appropriations subcommittees on state school aid and health and human services, to the house and senate fiscal agencies, and to the state budget director. At a minimum, the report must include measurements of outcomes and performance, proposals to increase efficacy and usefulness, proposals to increase performance, and proposals to expand coverage.

(12) Beginning with 2018-2019, a district or intermediate district that receives funding directly or indirectly under this section may carry over any unexpended funds received under this section for up to 2 fiscal years beyond the fiscal year in which the funds were received.

Sec. 32d. (1) From the funds appropriated in section 11, there is allocated to eligible intermediate districts and consortia of intermediate districts for great start readiness programs an amount not to exceed \$249,600,000.00 for 2020-2021. An intermediate district or consortium shall use funds allocated under this section for great start readiness programs to provide part-day, school-day, or GSRP/Head Start blended comprehensive free compensatory classroom programs designed to improve the readiness and subsequent achievement of educationally disadvantaged children who meet the participant eligibility and prioritization guidelines as defined by the department. For a child to be eligible to participate in a program under this section, the child must be at least 4, but less than 5, years of age as of September 1 of the school year in which the program is offered and must meet those eligibility and prioritization guidelines. A child who is not 4 years of age as of September 1, but who will be 4 years of age not later than December 1, is eligible to participate if the child's parent or legal guardian seeks a waiver from the September 1 eligibility date by submitting a request for enrollment in a program to the responsible intermediate district, if the program has capacity on or after September 1 of the school year, and if the child meets eligibility and prioritization guidelines.

(2) From the funds allocated under subsection (1), an amount not to exceed \$247,600,000.00 is allocated to intermediate districts or consortia of intermediate districts based on the formula in section 39. An intermediate district or consortium of intermediate districts receiving funding under this section shall act as the fiduciary for the great start readiness programs. In order to be eligible to receive funds allocated under this subsection from an intermediate district or consortium of intermediate districts, a district, a consortium of districts, or a public or private for-profit or nonprofit legal entity or agency must comply with this section and section 39.

(3) In addition to the allocation under subsection (1), from the general fund money appropriated under section 11, there is allocated an amount not to exceed \$350,000.00 for 2020-2021 for a competitive grant to continue a longitudinal evaluation of children who have participated in great start readiness programs. This evaluation must include, to the extent, for 2020-2021, that data from the kindergarten readiness assessment are available, a comparative analysis of the relationship between great start readiness programs and performance on the kindergarten readiness assessment funded under section 104. The evaluation must use children wait-listed under this section for comparison, must include a determination of the specific great start readiness program in which the kindergarten students were enrolled and attended in the previous school year, and must, to the extent, for 2020-2021, that data from the Michigan kindergarten entry observation tool are available, analyze Michigan kindergarten entry observation tool scores for students taking the Michigan kindergarten entry observation tool each year and produce a report as required under section 104. The performance data on the kindergarten readiness assessment must be submitted to the center at the same time as the fall Michigan student data system

collection. The responsibility for the analysis required under this subsection may be added to the requirements that the department currently has with its competitively designated current grantee.

(4) To be eligible for funding under this section, a program must prepare children for success in school through comprehensive part-day, school-day, or GSRP/Head Start blended programs that contain all of the following program components, as determined by the department:

(a) Participation in a collaborative recruitment and enrollment process to assure that each child is enrolled in the program most appropriate to his or her needs and to maximize the use of federal, state, and local funds.

(b) An age-appropriate educational curriculum that is in compliance with the early childhood standards of quality for prekindergarten children adopted by the state board, including, at least, the Connect4Learning curriculum.

(c) Nutritional services for all program participants supported by federal, state, and local resources as applicable.

(d) Physical and dental health and developmental screening services for all program participants.

(e) Referral services for families of program participants to community social service agencies, including mental health services, as appropriate.

(f) Active and continuous involvement of the parents or guardians of the program participants.

(g) A plan to conduct and report annual great start readiness program evaluations and continuous improvement plans using criteria approved by the department.

(h) Participation in a school readiness advisory committee convened as a workgroup of the great start collaborative that provides for the involvement of classroom teachers, parents or guardians of program participants, and community, volunteer, and social service agencies and organizations, as appropriate. The advisory committee annually shall review and make recommendations regarding the program components listed in this subsection. The advisory committee also shall make recommendations to the great start collaborative regarding other community services designed to improve all children's school readiness.

(i) The ongoing articulation of the kindergarten and first grade programs offered by the program provider.

(j) Participation in this state's great start to quality process with a rating of at least 3 stars.

(5) An application for funding under this section must provide for the following, in a form and manner determined by the department:

(a) Ensure compliance with all program components described in subsection (4).

(b) Except as otherwise provided in this subdivision or section, ensure that at least 90% of the children participating in an eligible great start readiness program for whom the intermediate district is receiving funds under this section are children who live with families with a household income that is equal to or less than 250% of the federal poverty guidelines. If the intermediate district determines that all eligible children are being served and that there are no children on the waiting list who live with families with a household income that is equal to or less than 250% of the federal poverty guidelines, the intermediate district may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty guidelines. The enrollment process must consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subdivision and subsection (27), all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education programs recommending placement in an inclusive preschool setting are considered to live with families with household income equal to or less than 250% of the federal poverty guidelines regardless of actual family income and are prioritized for enrollment within the lowest quintile.

(c) Ensure that the applicant only uses qualified personnel for this program, as follows:

(i) Teachers possessing proper training. A lead teacher must have a valid teaching certificate with an early childhood (ZA or ZS) endorsement or a bachelor's or higher degree in child development or early childhood education with specialization in preschool teaching. However, if an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, teachers who have significant but incomplete training in early childhood education or child development may be used if the applicant provides to the department, and the department approves, a plan for each teacher to come into compliance with the standards in this subparagraph. A teacher's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan consists of at least 2 courses per calendar year.

(ii) Paraprofessionals possessing proper training in early childhood education, including an associate's degree in early childhood education or child development or the equivalent, or a child development associate (CDA) credential. However, if an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, the applicant may use paraprofessionals who have completed at least 1 course that earns college credit in early childhood education or child development if the

applicant provides to the department, and the department approves, a plan for each paraprofessional to come into compliance with the standards in this subparagraph. A paraprofessional's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan consists of at least 2 courses or 60 clock hours of training per calendar year.

(d) Include a program budget that contains only those costs that are not reimbursed or reimbursable by federal funding, that are clearly and directly attributable to the great start readiness program, and that would not be incurred if the program were not being offered. Eligible costs include transportation costs. The program budget must indicate the extent to which these funds will supplement other federal, state, local, or private funds. An applicant shall not use funds received under this section to supplant any federal funds received by the applicant to serve children eligible for a federally funded preschool program that has the capacity to serve those children.

(6) For a grant recipient that enrolls pupils in a school-day program funded under this section, each child enrolled in the school-day program is counted as described in section 39 for purposes of determining the amount of the grant award.

(7) For a grant recipient that enrolls pupils in a GSRP/Head Start blended program, the grant recipient shall ensure that all Head Start and GSRP policies and regulations are applied to the blended slots, with adherence to the highest standard from either program, to the extent allowable under federal law.

(8) An intermediate district or consortium of intermediate districts receiving a grant under this section shall designate an early childhood coordinator, and may provide services directly or may contract with 1 or more districts or public or private for-profit or nonprofit providers that, except as otherwise provided in this section, meet all requirements of subsections (4) and (5).

(9) An intermediate district or consortium of intermediate districts may retain for administrative services provided by the intermediate district or consortium of intermediate districts an amount not to exceed 4% of the grant amount. Expenses incurred by subrecipients engaged by the intermediate district or consortium of intermediate districts for directly running portions of the program are considered program costs or a contracted program fee for service. Subrecipients operating with a federally approved indirect rate for other early childhood programs may include indirect costs, not to exceed the federal 10% de minimis.

(10) An intermediate district or consortium of intermediate districts may expend not more than 2% of the total grant amount for outreach, recruiting, and public awareness of the program.

(11) Except as otherwise provided in this section, each grant recipient shall enroll children identified under subsection (5)(b) according to how far the child's household income is below 250% of the federal poverty guidelines by ranking each applicant child's household income from lowest to highest and dividing the applicant children into quintiles based on how far the child's household income is below 250% of the federal poverty guidelines, and then enrolling children in the quintile with the lowest household income before enrolling children in the quintile with the next lowest household income until slots are completely filled. If the grant recipient determines that all eligible children are being served and that there are no children on the waiting list who live with families with a household income that is equal to or less than 250% of the federal poverty guidelines, the grant recipient may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty guidelines. The enrollment process must consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subsection and subsection (27), all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education programs recommending placement in an inclusive preschool setting are considered to live with families with household income equal to or less than 250% of the federal poverty guidelines regardless of actual family income and are prioritized for enrollment within the lowest quintile.

(12) An intermediate district or consortium of intermediate districts receiving a grant under this section shall allow parents of eligible children who are residents of the intermediate district or within the consortium to choose a program operated by or contracted with another intermediate district or consortium of intermediate districts and shall enter into a written agreement regarding payment, in a manner prescribed by the department.

(13) An intermediate district or consortium of intermediate districts receiving a grant under this section shall conduct a local process to contract with interested and eligible public and private for-profit and nonprofit community-based providers that meet all requirements of subsection (4) for at least 30% of its total allocation. For the purposes of this 30% allocation, an intermediate district or consortium of intermediate districts may count children served by a Head Start grantee or delegate in a blended Head Start and great start readiness school-day program. Children served in a program funded only through Head Start are not counted toward this 30% allocation. The intermediate district or consortium shall report to the department, in a manner prescribed by the department, a detailed list of community-based providers by provider type, including private for-profit, private nonprofit, community college or university, Head Start grantee or delegate, and district or intermediate district, and the number and proportion of its total allocation allocated to each provider as subrecipient. If the intermediate district or consortium is not able to contract for at least 30% of its total allocation, the grant recipient shall notify the department and, if the department verifies that the intermediate district or consortium attempted to contract

for at least 30% of its total allocation and was not able to do so, then the intermediate district or consortium may retain and use all of its allocation as provided under this section. To be able to use this exemption, the intermediate district or consortium shall demonstrate to the department that the intermediate district or consortium increased the percentage of its total allocation for which it contracts with a community-based provider and the intermediate district or consortium shall submit evidence satisfactory to the department, and the department must be able to verify this evidence, demonstrating that the intermediate district or consortium took measures to contract for at least 30% of its total allocation as required under this subsection, including, but not limited to, at least all of the following measures:

(a) The intermediate district or consortium notified each nonparticipating licensed child care center located in the service area of the intermediate district or consortium regarding the center's eligibility to participate, in a manner prescribed by the department.

(b) The intermediate district or consortium provided to each nonparticipating licensed child care center located in the service area of the intermediate district or consortium information regarding great start readiness program requirements and a description of the application and selection process for community-based providers.

(c) The intermediate district or consortium provided to the public and to participating families a list of community-based great start readiness program subrecipients with a great start to quality rating of at least 3 stars.

(14) If an intermediate district or consortium of intermediate districts receiving a grant under this section fails to submit satisfactory evidence to demonstrate its effort to contract for at least 30% of its total allocation, as required under subsection (13), the department shall reduce the allocation to the intermediate district or consortium by a percentage equal to the difference between the percentage of an intermediate district's or consortium's total allocation awarded to community-based providers and 30% of its total allocation.

(15) In order to assist intermediate districts and consortia in complying with the requirement to contract with community-based providers for at least 30% of their total allocation, the department shall do all of the following:

(a) Ensure that a great start resource center or the department provides each intermediate district or consortium receiving a grant under this section with the contact information for each licensed child care center located in the service area of the intermediate district or consortium by March 1 of each year.

(b) Provide, or ensure that an organization with which the department contracts provides, a community-based provider with a validated great start to quality rating within 90 days of the provider's having submitted a request and self-assessment.

(c) Ensure that all intermediate district, district, community college or university, Head Start grantee or delegate, private for-profit, and private nonprofit providers are subject to a single great start to quality rating system. The rating system must ensure that regulators process all prospective providers at the same pace on a first-come, first-served basis and must not allow 1 type of provider to receive a great start to quality rating ahead of any other type of provider.

(d) Not later than March 1 of each year, compile the results of the information reported by each intermediate district or consortium under subsection (13) and report to the legislature a list by intermediate district or consortium with the number and percentage of each intermediate district's or consortium's total allocation allocated to community-based providers by provider type, including private for-profit, private nonprofit, community college or university, Head Start grantee or delegate, and district or intermediate district.

(16) A recipient of funds under this section shall report to the center in a form and manner prescribed by the center the information necessary to derive the number of children participating in the program who meet the program eligibility criteria under subsection (5)(b), subject to subsection (27), the number of eligible children not participating in the program and on a waitlist, and the total number of children participating in the program by various demographic groups and eligibility factors necessary to analyze equitable and priority access to services for the purposes of subsection (3).

(17) As used in this section:

(a) "GSRP/Head Start blended program", except as otherwise provided in this section, means a part-day program funded under this section and a Head Start program, which are combined for a school-day program.

(b) "Federal poverty guidelines" means the guidelines published annually in the Federal Register by the United States Department of Health and Human Services under its authority to revise the poverty line under 42 USC 9902.

(c) “Part-day program”, except as otherwise provided in this section, means a program that operates at least 4 days per week, 30 weeks per year, for at least 3 hours of teacher-child contact time per day but for fewer hours of teacher-child contact time per day than a school-day program.

(d) “School-day program”, except as otherwise provided in this section, means a program that operates for at least the same length of day as a district’s first grade program for a minimum of 4 days per week, 30 weeks per year. A classroom that offers a school-day program must enroll all children for the school day to be considered a school-day program.

(18) An intermediate district or consortium of intermediate districts receiving funds under this section shall establish and charge tuition according to a sliding scale of tuition rates based upon household income for children participating in an eligible great start readiness program who live with families with a household income that is more than 250%, but, for 2020-2021 only, who live with families with a household income that is more than 400% of the federal poverty guidelines to be used by all of its providers, as approved by the department.

(19) From the amount allocated in subsection (2), there is allocated for 2020-2021 an amount not to exceed \$10,000,000.00 for reimbursement of transportation costs for children attending great start readiness programs funded under this section. To receive reimbursement under this subsection, not later than November 1 of each year, a program funded under this section that provides transportation shall submit to the intermediate district that is the fiscal agent for the program a projected transportation budget. The amount of the reimbursement for transportation under this subsection is no more than the projected transportation budget or \$300.00 multiplied by the number of children funded for the program under this section. If the amount allocated under this subsection is insufficient to fully reimburse the transportation costs for all programs that provide transportation and submit the required information, the department shall prorate the reimbursement in an equal amount per child funded. The department shall make payments to the intermediate district that is the fiscal agent for each program, and the intermediate district shall then reimburse the program provider for transportation costs as prescribed under this subsection.

(20) Subject to, and from the funds allocated under, subsection (19), the department shall reimburse a program for transportation costs related to parent- or guardian-accompanied transportation provided by transportation service companies, buses, or other public transportation services. To be eligible for reimbursement under this subsection, a program must submit to the intermediate district or consortia of intermediate districts all of the following:

(a) The names of families provided with transportation support along with a documented reason for the need for transportation support and the type of transportation provided.

(b) Financial documentation of actual transportation costs incurred by the program, including, but not limited to, receipts and mileage reports, as determined by the department.

(c) Any other documentation or information determined necessary by the department.

(21) The department shall implement a process to review and approve age-appropriate comprehensive classroom level quality assessments for GSRP grantees that support the early childhood standards of quality for prekindergarten children adopted by the state board. The department shall make available to intermediate districts at least 2 classroom level quality assessments that were approved in 2018.

(22) An intermediate district that is a GSRP grantee may approve the use of a supplemental curriculum that aligns with and enhances the age-appropriate educational curriculum in the classroom. If the department objects to the use of a supplemental curriculum approved by an intermediate district, the superintendent shall establish a review committee independent of the department. The review committee shall meet within 60 days of the department registering its objection in writing and provide a final determination on the validity of the objection within 60 days of the review committee’s first meeting.

(23) The department shall implement a process to evaluate and approve age-appropriate educational curricula that are in compliance with the early childhood standards of quality for prekindergarten children adopted by the state board.

(24) From the funds allocated under subsection (1), there is allocated for 2020-2021 an amount not to exceed \$2,000,000.00 for payments to intermediate districts or consortia of intermediate districts for professional development and training materials for educators in programs implementing new curricula.

(25) A great start readiness program or a GSRP/Head Start blended program funded under this section is permitted to utilize AmeriCorps Pre-K Reading Corps members in classrooms implementing research-based early literacy intervention strategies.

(26) For the 2020-2021 program year only, the hours, days, and weeks specified within the definitions under subsection (17)(a), (c), and (d) do not apply to all grantees and subrecipients under this section. However, for the 2020-2021 fiscal year only, grantees and subrecipients shall, at a minimum, provide pandemic learning and programming on-site, at a different location, in-person, online, digitally, by other remote means, in a synchronous or asynchronous format, or through any combination therein that results in an amount of hours, days, and weeks necessary to deliver the educational or course content that would have been delivered in a year in which pandemic

learning was not provided and that complies with requirements developed by the department. The department shall publish uniform guidance concerning requirements under this subsection for age-appropriate instruction that is provided online, digitally, or by other remote means as part of pandemic learning and programming provided under this subsection. As used in this subsection, “pandemic learning” means a mode of instruction provided as a result of the COVID-19 pandemic.

(27) For the 2020-2021 program year only, household income eligibility thresholds requiring household incomes that are equal to or less than 250% of the federal poverty guidelines under subsections (5)(b) and (11) do not apply for all grantees and subrecipients under this section. However, for the 2020-2021 program year, all grantees and subrecipients must continue to enroll children in the quintile with the lowest household income first before enrolling the next quintile and must implement the ranking process described in subsection (11) by first enrolling children from households with incomes that are equal to or less than 250% of the federal poverty guidelines, then enrolling children from households with incomes that are equal to an amount that is greater than 250% but less than or equal to 300% of the federal poverty guidelines, then enrolling children from households with incomes equal to an amount that is greater than 300% but less than or equal to 350% of the federal poverty guidelines, and then continuing enrollment in an order increasing in percentage from a percentage greater than 350% in relation to the federal poverty guidelines until all available slots are filled.

(28) For the 2020-2021 program year only, intermediate districts will be awarded funding based on the total allocation under subsection (1) and the funding must be allocated to intermediate districts as prescribed under section 39. To receive funding as described in this subsection, an intermediate district must complete the department’s process for accepting funds and implement its existing local process for funding current subrecipients under this section, including, but not limited to, adding any necessary new subrecipients and implementation of the program. Intermediate districts described in this subsection must report the children served under this section to the center for data-tracking purposes. The data described in this subsection must not be used to determine funding for the 2020-2021 program year or hold harmless funding levels for 2021-2022. Hold harmless funding for 2021-2022 must be determined based on the 2019-2020 final allocations under this section. Both of the following apply for the 2020-2021 program year:

Intermediate districts and subrecipients under this section may only spend in accordance with the provisions of this subdivision if the intermediate district or subrecipient has demonstrated to the satisfaction of the department that no eligible children are on waitlists for the programs operated by the intermediate district or subrecipients under this section.

Sec. 32p. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$13,400,000.00 to intermediate districts for 2020-2021 for the purpose of providing early childhood funding to intermediate districts to support the goals and outcomes under subsection (2) and subsection (4), and to provide early childhood programs for children from birth through age 8. The funding provided to each intermediate district under this section is determined by the distribution formula established by the department’s office of great start to provide equitable funding statewide. In order to receive funding under this section, each intermediate district must provide an application to the office of great start not later than September 15 of the immediately preceding fiscal year indicating the strategies planned to be provided.

(c) Children developmentally ready to succeed in school at the time of school entry.

(d) Children prepared to succeed in fourth grade and beyond by reading proficiently by the end of third grade.

The goals of the home visits funded under this subsection are to improve school readiness using evidence-based methods, including a focus on developmentally appropriate outcomes for early literacy, to improve positive parenting practices, and to improve family economic self-sufficiency while reducing the impact of high-risk factors through community resources and referrals. The department shall coordinate the goals of the home visit strategic plans approved under this subsection with other state agency home visit programs in a way that strengthens Michigan's home visiting infrastructure and maximizes federal funds available for the purposes of at-risk family home visits. The coordination among departments and agencies is intended to avoid duplication of state services and spending, and should emphasize efficient service delivery of home visiting programs.

(5) Not later than December 1 of each year, each intermediate district shall provide a report to the department detailing the strategies actually implemented during the immediately preceding school year and the families and children actually served. Notwithstanding section 17b, the department shall make payments of federal funds to districts, intermediate districts, and other eligible entities under this section on a schedule determined by the department.

(4) For the purposes of applying for federal grants appropriated under this article, the department shall allow an intermediate district to submit a consortium application on behalf of 2 or more districts with the agreement of those districts as appropriate according to federal rules and guidelines.

(5) For the purposes of funding federal title I grants under this article, in addition to any other federal grants for which the strict discipline academy is eligible, the department shall allocate to a strict discipline academy out of title I, part A an amount equal to what the strict discipline academy would have received if included and calculated under title I, part D, or what it would receive under the formula allocation under title I, part A, whichever is greater.

(6) As used in this section:

(a) "DED" means the United States Department of Education.

(b) "DED-OESE" means the DED Office of Elementary and Secondary Education.

(c) "DED-OII" means the DED Office of Innovation and Improvement.

(d) "DED-OVAE" means the DED Office of Vocational and Adult Education.

(e) "HHS" means the United States Department of Health and Human Services.

(f) "HHS-OCC" means the HHS Office of Child Care.

Sec. 41. (1) For a district to be eligible to receive funding under this section, the district must administer to English language learners the English language proficiency assessment known as the "WIDA ACCESS for English language learners" or the "WIDA Alternate ACCESS". From the appropriation in section 11, there is allocated an amount not to exceed \$13,000,000.00 for 2020-2021 for payments to eligible districts for services for English language learners who have been administered the WIDA ACCESS for English language learners.

(2) The department shall distribute funding allocated under subsection (1) to eligible districts based on the number of full-time equivalent English language learners as follows:

(a) \$900.00 per full-time equivalent English language learner who has been assessed under the WIDA ACCESS for English language learners or the WIDA Alternate ACCESS with a WIDA ACCESS or WIDA Alternate ACCESS composite score between 1.0 and 1.9, or less, as applicable to each assessment.

(b) \$620.00 per full-time equivalent English language learner who has been assessed under the WIDA ACCESS for English language learners or the WIDA Alternate ACCESS with a WIDA ACCESS or WIDA Alternate ACCESS composite score between 2.0 and 2.9, or less, as applicable to each assessment.

(c) \$100.00 per full-time equivalent English language learner who has been assessed under the WIDA ACCESS for English language learners or the WIDA Alternate ACCESS with a WIDA ACCESS or WIDA Alternate ACCESS composite score between 3.0 and 3.9, or less, as applicable to each assessment.

(3) If funds allocated under subsection (1) are insufficient to fully fund the payments as prescribed under subsection (2), the department shall prorate payments on an equal percentage basis, with the same percentage proration applied to all funding categories.

(4) Each district receiving funds under subsection (1) shall submit to the department by July 15 of each fiscal year a report, not to exceed 10 pages, on the usage by the district of funds under subsection (1) in a form and manner determined by the department, including a brief description of each program conducted or services performed by the district using funds under subsection (1) and the amount of funds under subsection (1) allocated to each of those programs or services. If a district does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district complies with this subsection. If the district does not comply with this subsection by the end of the fiscal year, the withheld funds are forfeited to the school aid fund.

(5) In order to receive funds under subsection (1), a district must allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district shall reimburse this state for all disallowances found in the audit.

(6) Beginning July 1, 2020, and every 3 years thereafter, the department shall review the per-pupil distribution under subsection (2), to ensure that funding levels are appropriate and make recommendations for adjustments to the members of the senate and house subcommittees on K-12 school aid appropriations.

Sec. 51a. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$1,023,996,100.00 for 2019-2020 and there is allocated an amount not to exceed \$1,079,296,100.00 for 2020-2021 from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, 20 USC 1411 to 1419, estimated at \$370,000,000.00 for 2019-2020 and \$375,000,000.00 for 2020-2021, plus any carryover federal funds from previous year appropriations. The allocations under this subsection are for the purpose of reimbursing districts and intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1761; net tuition payments made by intermediate districts to the Michigan Schools for the Deaf and Blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals or other entities, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared under article 3 of the revised school code, MCL 380.1701 to 380.1761. Notwithstanding section 17b, the department shall make payments of federal funds to districts, intermediate districts, and other eligible entities under this section on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated the amount necessary, estimated at \$286,900,000.00 for 2019-2020 and estimated at \$307,500,000.00 for 2020-2021, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection are made as follows:

(a) The department shall calculate the initial amount allocated to a district under this subsection toward fulfilling the specified percentages by multiplying the district's special education pupil membership, excluding pupils described in subsection (11), times the foundation allowance under section 20 of the pupil's district of residence, not to exceed the target foundation allowance for the current fiscal year, or, for a special education pupil in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil calculated under section 20(6). For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages is an amount per special education membership pupil, excluding pupils described in subsection (11), and is calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed the target foundation

allowance for the current fiscal year.

(b) After the allocations under subdivision (a), the department shall pay a district or intermediate district for which the payments calculated under subdivision (a) do not fulfill the specified percentages the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated for 2019-2020 an amount not to exceed \$1,000,000.00 and there is allocated for 2020-2021 an amount not to exceed \$1,000,000.00 to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's or intermediate district's necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations or services between 1996-97 and subsequent fiscal years. The department shall make adjustments for reductions in special education program operations or services in a manner determined by the department and shall include adjustments for program or service shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the department shall pay the shortfall to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and shall adjust payments under subsection (3) as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district's or intermediate district's payments under this article for the fiscal year beginning on the October 1 following the determination and shall adjust payments under subsection (3) as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there is no deduction under this subsection.

(5) State funds are allocated on a total approved cost basis. Federal funds are allocated under applicable federal requirements.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed \$2,200,000.00 for 2019-2020 and there is allocated an amount not to exceed \$2,200,000.00 for 2020-2021 to reimburse 100% of the net increase in necessary costs incurred by a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, "net increase in necessary costs" means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. The department shall determine net increase in necessary costs in a manner specified by the department.

(7) For purposes of sections 51a to 58, all of the following apply:

(a) "Total approved costs of special education" are determined in a manner specified by the department and may include indirect costs, but must not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved costs include salary and other compensation for all approved special education personnel for the program, including payments for Social Security and Medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as that term is defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services are reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Beginning with the 2004-2005 fiscal year, a district or intermediate district that employed special education support services staff to provide special education support services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year after 2003-2004 receives the same type of support services from another district or intermediate district shall report the cost of those support services for special education reimbursement purposes under this article. This subdivision does not prohibit the transfer of special education classroom teachers and special education classroom aides if the pupils counted in membership associated with those special education classroom teachers and special education classroom aides are transferred and counted in membership in the other district or intermediate district in conjunction with the transfer of those teachers and aides.

(c) If the department determines before bookclosing for a fiscal year that the amounts allocated for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 will exceed expenditures for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56, then for a district or intermediate district whose reimbursement for that fiscal year would otherwise be affected by subdivision (b), subdivision (b) does not apply to the calculation of the reimbursement for that district or intermediate district and the department shall calculate reimbursement for that district or intermediate district in the same manner as it was for 2003-2004. If the amount of the excess allocations under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 is not sufficient to fully fund the calculation of reimbursement to those districts and intermediate districts under this subdivision, then the department shall prorate calculations and resulting reimbursement under this subdivision on an equal percentage basis. Beginning in 2015-2016, the amount of reimbursement under this subdivision for a fiscal year must not exceed \$2,000,000.00 for any district or intermediate district.

(d) Reimbursement for ancillary and other related services, as defined by R 340.1701c of the Michigan Administrative Code, is not provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, must not be borne by the parent. In addition, the filing of claims must not delay the education of a pupil. A district or intermediate district is responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(e) Beginning with calculations for 2004-2005, if an intermediate district purchases a special education pupil transportation service from a constituent district that was previously purchased from a private entity; if the purchase from the constituent district is at a lower cost, adjusted for changes in fuel costs; and if the cost shift from the intermediate district to the constituent does not result in any net change in the revenue the constituent district receives from payments under sections 22b and 51c, then upon application by the intermediate district, the department shall direct the intermediate district to continue to report the cost associated with the specific identified special education pupil transportation service and shall adjust the costs reported by the constituent district to remove the cost associated with that specific service.

(8) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan Schools for the Deaf and Blind is not included in the membership count of a district, but is counted in membership in the intermediate district of residence.

(9) Special education personnel transferred from 1 district to another to implement the revised school code are entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(10) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the department may require the district or intermediate district to refund the amount of money received. The department shall deposit money that is refunded in the state treasury to the credit of the state school aid fund.

(11) From the funds allocated in subsection (1), there is allocated the amount necessary, estimated at \$3,100,000.00 for 2019-2020 and estimated at \$3,000,000.00 for 2020-2021, to pay the foundation allowances for pupils described in this subsection. The department shall calculate the allocation to a district under this subsection by multiplying the number of pupils described in this subsection who are counted in membership in the district times the sum of the foundation allowance under section 20 of the pupil's district of residence not to exceed the target foundation allowance for the current fiscal year, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil under section 20(6). The department shall calculate the allocation to an intermediate district under this subsection in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence not to exceed the target foundation allowance for the current fiscal year. This subsection applies to all of the following pupils:

(a) Pupils described in section 53a.

(b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.

(c) Pupils with an emotional impairment counted in membership by an intermediate district and provided educational services by the department of health and human services.

(12) If it is determined that funds allocated under subsection (2) or (11) or under section 51c will not be expended, funds up to the amount necessary and available may be used to supplement the allocations under subsection (2) or (11) or under section 51c in order to fully fund those allocations. After payments under subsections (2) and (11) and section 51c, the department shall expend the remaining funds from the allocation in subsection (1) in the following order:

(a) 100% of the reimbursement required under section 53a.

- (b) 100% of the reimbursement required under subsection (6).
- (c) 100% of the payment required under section 54.
- (d) 100% of the payment required under subsection (3).
- (e) 100% of the payments under section 56.

(13) The allocations under subsections (2), (3), and (11) are allocations to intermediate districts only and are not allocations to districts, but instead are calculations used only to determine the state payments under section 22b.

(14) If a public school academy that is not a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, enrolls under this section a pupil who resides outside of the intermediate district in which the public school academy is located and who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, Public Law 108-446, the intermediate district in which the public school academy is located and the public school academy shall enter into a written agreement with the intermediate district in which the pupil resides for the purpose of providing the pupil with a free appropriate public education, and the written agreement must include at least an agreement on the responsibility for the payment of the added costs of special education programs and services for the pupil. If the public school academy that enrolls the pupil does not enter into an agreement under this subsection, the public school academy shall not charge the pupil's resident intermediate district or the intermediate district in which the public school academy is located the added costs of special education programs and services for the pupil, and the public school academy is not eligible for any payouts based on the funding formula outlined in the resident or nonresident intermediate district's plan. If a pupil is not enrolled in a public school academy under this subsection, the provision of special education programs and services and the payment of the added costs of special education programs and services for a pupil described in this subsection are the responsibility of the district and intermediate district in which the pupil resides.

(15) For the purpose of receiving its federal allocation under part B of the individuals with disabilities education act, Public Law 108-446, a public school academy that is a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a, directly receives the federal allocation under part B of the individuals with disabilities education act, Public Law 108-446, from the intermediate district in which the cyber school is located, as the subrecipient. If the intermediate district does not distribute the funds described in this subsection to the cyber school by the part B application due date of July 1, the department may distribute the funds described in this subsection directly to the cyber school according to the formula prescribed in 34 CFR 300.705 and 34 CFR 300.816.

(16) For a public school academy that is a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a, that enrolls a pupil under this section, the intermediate district in which the cyber school is located shall ensure that the cyber school complies with sections 1701a, 1703, 1704, 1751, 1752, 1756, and 1757 of the revised school code, MCL 380.1701a, 380.1703, 380.1704, 380.1751, 380.1752, 380.1756, and 380.1757; applicable rules; and the individuals with disabilities education act, Public Law 108-446.

(17) For the purposes of this section, the department or the center shall only require a district or intermediate district to report information that is not already available from the financial information database maintained by the center.

Sec. 51c. As required by the court in the consolidated cases known as *Durant v State of Michigan*, 456 Mich 175 (1997), from the allocation under section 51a(1), there is allocated for 2019-2020 and for 2020-2021, the amount necessary, estimated at \$678,600,000.00 for 2019-2020 and \$713,400,000.00 for 2020-2021, for payments to reimburse districts for 28.6138% of total approved costs of special education excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Funds allocated under this section that are not expended in the fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 22b to fully fund those allocations for the same fiscal year. For each fund transfer as described in the immediately preceding sentence that occurs, the state budget director shall send notification of the transfer to the house and senate appropriations subcommittees on state school aid and the house and senate fiscal agencies by not later than 14 calendar days after the transfer occurs.

Sec. 51d. (1) From the federal funds appropriated in section 11, there is allocated for 2020-2021 all available federal funding, estimated at \$71,000,000.00 for special education programs and services that are funded by federal grants. The department shall distribute all federal funds allocated under this section in accordance with federal law. Notwithstanding section 17b, the department shall make payments of federal funds to districts, intermediate districts, and other eligible entities under this section on a schedule determined by the department.

(2) From the federal funds allocated under subsection (1), the following amounts are allocated for 2020-2021:

(a) An amount estimated at \$14,000,000.00 for handicapped infants and toddlers, funded from DED-OSERS, handicapped infants and toddlers funds.

(b) An amount estimated at \$14,000,000.00 for preschool grants (Public Law 94-142), funded from DED-OSERS, handicapped preschool incentive funds.

(c) An amount estimated at \$43,000,000.00 for special education programs funded by DED-OSERS, handicapped program, individuals with disabilities act funds.

(3) As used in this section, "DED-OSERS" means the United States Department of Education Office of Special Education and Rehabilitative Services.

Sec. 51f. (1) From the funds appropriated under section 11, there is allocated for 2020-2021 an amount not to exceed \$60,207,000.00 for payments to districts and intermediate districts to increase the level of reimbursement of costs associated with providing special education services required under state and federal law.

(2) A district's or intermediate district's allocation under this section is equal to the level percentage multiplied by each district's or intermediate district's costs reported to the center on the special education actual cost report, known as "SE-4096" as referred to under section 18(6), as approved by the department.

(3) The total reimbursement under this section and under section 51c must not exceed the total reported costs for a district or intermediate district.

(4) For 2020-2021, the level percentage is estimated at 2.0%.

(5) For the purposes of this section, "level percentage" means the percentage calculated by dividing the allocation in subsection (1) by the total of costs reported to the center on the special education actual cost report, known as "SE-4096" as referred to under section 18(6), as approved by the department.

Sec. 53a. (1) For districts, reimbursement for pupils described in subsection (2) is 100% of the total approved costs of operating special education programs and services approved by the department and included in the intermediate district plan adopted under article 3 of the revised school code, MCL 380.1701 to 380.1761, minus the district's foundation allowance calculated under section 20. For intermediate districts, the department shall calculate reimbursement for pupils described in subsection (2) in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed the target foundation allowance under section 20 for the current fiscal year.

(2) Reimbursement under subsection (1) is for the following special education pupils:

(a) Pupils assigned to a district or intermediate district through the community placement program of the courts or a state agency, if the pupil was a resident of another intermediate district at the time the pupil came under the jurisdiction of the court or a state agency.

(b) Pupils who are residents of institutions operated by the department of health and human services.

(c) Pupils who are former residents of department of community health institutions for the developmentally disabled who are placed in community settings other than the pupil's home.

(d) Pupils enrolled in a department-approved on-grounds educational program longer than 180 days, but not longer than 233 days, at a residential child care institution, if the child care institution offered in 1991-92 an on-grounds educational program longer than 180 days but not longer than 233 days.

(e) Pupils placed in a district by a parent for the purpose of seeking a suitable home, if the parent does not reside in the same intermediate district as the district in which the pupil is placed.

(3) Only those costs that are clearly and directly attributable to educational programs for pupils described in subsection (2), and that would not have been incurred if the pupils were not being educated in a district or intermediate district, are reimbursable under this section.

(4) The costs of transportation are funded under this section and are not reimbursed under section 58.

(5) The department shall not allocate more than \$10,500,000.00 of the allocation for 2020-2021 in section 51a(1) under this section.

Sec. 54. Each intermediate district receives an amount per-pupil for each pupil in attendance at the Michigan Schools for the Deaf and Blind. The amount is proportionate to the total instructional cost at each school. The department shall not allocate more than \$1,688,000.00 of the allocation for 2020-2021 in section 51a(1) under this section.

Sec. 54b. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed \$1,600,000.00 for 2020-2021 to continue the implementation of the recommendations of the special education reform task force published in January 2016.

(2) The department shall use funds allocated under this section for the purpose of piloting statewide implementation of the Michigan Integrated Behavior and Learning Support Initiative (MiBLSI), a nationally recognized program that includes positive behavioral intervention and supports and provides a statewide structure to support local initiatives for an integrated behavior and reading program. With the assistance of the intermediate districts involved in MiBLSI, the department shall identify a number of intermediate districts to participate in the pilot that is sufficient to ensure that MiBLSI can be implemented statewide with fidelity and sustainability. In addition, the department shall identify an intermediate district to act as a fiscal agent for these funds.

Sec. 54d. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$7,150,000.00 for 2020-2021 to intermediate districts for the purpose of providing state early on services programs for children from birth to 3 years of age with a developmental delay or a disability, or both, and their families, as described in the early on Michigan state plan, as approved by the department.

(2) To be eligible to receive grant funding under this section, each intermediate district must apply in a form and manner determined by the department.

(3) The grant funding allocated under this section must be used to increase early on services and resources available to children that demonstrate developmental delays to help prepare them for success as they enter school. State early on services include evaluating and providing early intervention services for eligible infants and toddlers and their families to address developmental delays, including those affecting physical, cognitive, communication, adaptive, social, or emotional development. Grant funds must not be used to supplant existing services that are currently being provided.

(4) The department shall distribute the funds allocated under subsection (1) to intermediate districts according to the department's early on funding formula utilized to distribute the federal award to Michigan under part C of the individuals with disabilities education act. Funds received under this section must not supplant existing funds or resources allocated for early on early intervention services. An intermediate district receiving funds under this section shall maximize the capture of Medicaid funds to support early on early intervention services to the extent possible.

(5) Each intermediate district that receives funds under this section shall report data and other information to the department in a form, manner, and frequency prescribed by the department to allow for monitoring and evaluation of the program and to ensure that the children described in subsection (1) received appropriate levels and types of services delivered by qualified personnel, based on the individual needs of the children and their families.

(6) Notwithstanding section 17b, the department shall make payments under this section on a schedule determined by the department.

Sec. 55. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed \$250,000.00 for 2020-2021 to the Conductive Learning Center located at Aquinas College. This funding must be used to support the operational costs of the conductive education model taught at the Conductive Learning Center to maximize the independence and mobility of children and adults with neuromotor disabilities. The conductive education model funded under this section must be based on the concept of neuroplasticity and the ability of people to learn and improve when they are motivated, regardless of the severity of their disability.

(2) Notwithstanding section 17b, the department shall distribute the funding allocated under this section to the Conductive Learning Center not later than December 1, 2020.

Sec. 56. (1) For the purposes of this section:

(a) "Membership" means for a particular fiscal year the total membership for the immediately preceding fiscal year of the intermediate district and the districts constituent to the intermediate district.

(b) "Millage levied" means the millage levied for special education under part 30 of the revised school code, MCL 380.1711 to 380.1741, including a levy for debt service obligations.

(c) "Taxable value" means the total taxable value of the districts constituent to an intermediate district, except that if a district has elected not to come under part 30 of the revised school code, MCL 380.1711 to 380.1741, membership and taxable value of the district are not included in the membership and taxable value of the intermediate district.

(2) From the allocation under section 51a(1), there is allocated \$40,008,100.00 for 2019-2020 and an amount not to exceed \$40,008,100.00 for 2020-2021 to reimburse intermediate districts levying millages for special education under part 30 of the revised school code, MCL 380.1711 to 380.1741. The purpose, use, and expenditure of the reimbursement are limited as if the funds were generated by these millages and governed by the intermediate district plan adopted under article 3 of the revised school code, MCL 380.1701 to 380.1761. As a

condition of receiving funds under this section, an intermediate district distributing any portion of special education millage funds to its constituent districts must submit for departmental approval and implement a distribution plan.

Sec. 101. (1) To be eligible to receive state aid under this article, not later than the fifth Wednesday after the pupil membership count day and not later than the fifth Wednesday after the supplemental count day, each district superintendent shall submit and certify to the center and the intermediate superintendent, in the form and manner prescribed by the center, the number of pupils enrolled and in regular daily attendance, or, for 2020-2021 only, the number of pupils engaged in pandemic learning for fall 2020 or the number of pupils engaged in pandemic learning for spring 2021, as applicable, or, for a district that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the number of pupils enrolled and in regular daily attendance, including identification of tuition-paying pupils, in the district as of the pupil membership count day and as of the supplemental count day, as applicable, for the current school year. In addition, a district maintaining school during the entire year shall submit and certify to the center and the intermediate superintendent, in the form and manner prescribed by the center, the number of pupils enrolled and in regular daily attendance in the district or, for 2020-2021 only, the number of pupils engaged in pandemic learning for fall 2020 or the number of pupils engaged in pandemic learning for spring 2021, as applicable, or, for a district that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the number of pupils enrolled and in regular daily attendance, for the current school year pursuant to rules promulgated by the superintendent. Not later than the sixth Wednesday after the pupil membership count day and not later than the sixth Wednesday after the supplemental count day, the district shall resolve any pupil membership conflicts with another district, correct any data issues, and recertify the data in a form and manner prescribed by the center and file the certified data with the intermediate superintendent. If a district fails to submit and certify the attendance data, as required under this subsection, the center shall notify the department and the department shall withhold state aid due to be distributed under this article from the defaulting district immediately, beginning with the next payment after the failure and continuing with each payment until the district complies with this subsection. If a district does not comply with this subsection by the end of the fiscal year, the district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment is subject to penalty as prescribed by section 161. As used in this subsection, “pupils engaged in pandemic learning for spring 2021” means that term as defined in section 6a.

(2) To be eligible to receive state aid under this article, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the center, in a form and manner prescribed by the center, the audited enrollment and attendance data as described in subsection (1) for the pupils of its constituent districts and of the intermediate district. If an intermediate district fails to submit the audited data as required under this subsection, the department shall withhold state aid due to be distributed under this article from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If an intermediate district does not comply with this subsection by the end of the fiscal year, the intermediate district forfeits the amount withheld.

(3) Except as otherwise provided in subsections (11), (12), and (13), all of the following apply to the provision of pupil instruction:

(a) Except as otherwise provided in this section, each district shall provide at least 1,098 hours and 180 days of pupil instruction. If a collective bargaining agreement that provides a complete school calendar was in effect for employees of a district as of June 24, 2014, and if that school calendar is not in compliance with this subdivision, then this subdivision does not apply to that district until after the expiration of that collective bargaining agreement. A district may apply for a waiver under subsection (9) from the requirements of this subdivision.

(b) Except as otherwise provided in this article, a district failing to comply with the required minimum hours and days of pupil instruction under this subsection forfeits from its total state aid allocation an amount determined by applying a ratio of the number of hours or days the district was in noncompliance in relation to the required minimum number of hours and days under this subsection. Not later than August 1, the board of each district shall either certify to the department that the district was in full compliance with this section regarding the number of hours and days of pupil instruction in the previous school year, or report to the department, in a form and manner prescribed by the center, each instance of noncompliance. If the district did not provide at least the required minimum number of hours and days of pupil instruction under this subsection, the department shall make the deduction of state aid in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (6).

(c) Hours or days lost because of strikes or teachers' conferences are not counted as hours or days of pupil instruction.

(d) Except as otherwise provided in subdivisions (e), (f), and (h), if a district does not have at least 75% of the district's membership in attendance on any day of pupil instruction, the department shall pay the district state aid in that proportion of 1/180 that the actual percent of attendance bears to 75%.

(e) If a district adds 1 or more days of pupil instruction to the end of its instructional calendar for a school year to comply with subdivision (a) because the district otherwise would fail to provide the required minimum number of days of pupil instruction even after the operation of subsection (4) due to conditions not within the control of school authorities, then subdivision (d) does not apply for any day of pupil instruction that is added to the end of the instructional calendar. Instead, for any of those days, if the district does not have at least 60% of the district's membership in attendance on that day, the department shall pay the district state aid in that proportion of 1/180 that the actual percentage of attendance bears to 60%. For any day of pupil instruction added to the instructional calendar as described in this subdivision, the district shall report to the department the percentage of the district's membership that is in attendance, in the form and manner prescribed by the department.

(f) At the request of a district that operates a department-approved alternative education program and that does not provide instruction for pupils in all of grades K to 12, the superintendent shall grant a waiver from the requirements of subdivision (d). The waiver must provide that an eligible district is subject to the proration provisions of subdivision (d) only if the district does not have at least 50% of the district's membership in attendance on any day of pupil instruction. In order to be eligible for this waiver, a district must maintain records to substantiate its compliance with the following requirements:

(i) The district offers the minimum hours of pupil instruction as required under this section.

(ii) For each enrolled pupil, the district uses appropriate academic assessments to develop an individual education plan that leads to a high school diploma.

(iii) The district tests each pupil to determine academic progress at regular intervals and records the results of those tests in that pupil's individual education plan.

(g) All of the following apply to a waiver granted under subdivision (f):

(i) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(ii) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil participates in the educational program for at least 1,098 hours during a school year, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(iii) A waiver that is not a waiver described in subparagraph (i) or (ii) is valid for 3 fiscal years, unless it is revoked by the superintendent, and must be renewed at the end of the 3-year period to remain in effect.

(h) For the 2020-2021 school year only, subdivision (d) does not apply for any day of pupil instruction. However, for the 2020-2021 school year only, a district shall ensure that 1 2-way interaction occurs between a pupil enrolled in the district and the pupil's teacher or at least 1 of the pupil's teachers or another district employee who has responsibility for the pupil's learning, grade progression, or academic progress during each month of the school year for at least 75% of pupils enrolled in the district. As used in the immediately preceding sentence, "school year" means a period comprising at least 9 calendar months that are chosen by a district and that are designated as part of the district's 2020-2021 school year. If a district does not ensure that the interactions required under this subdivision occur for at least 75% of pupils enrolled in the district as required under this subdivision, the department shall pay the district state aid in that proportion of 1/9 that the actual percentage of interaction during each month bears to 75%. As used in this subdivision, "2-way interaction" means a communication that occurs between a pupil and the pupil's teacher or at least 1 of the pupil's teachers or another district employee who has responsibility for the pupil's learning, grade progression, or academic progress, where 1 party initiates communication and a response from the other party follows that communication, and that is relevant to course

progress or course content for at least 1 of the courses in which the pupil is enrolled or relevant to the pupil's overall academic progress or grade progression. Responses, as described in this subdivision, must be to communication initiated by the teacher, by another district employee who has responsibility for the pupil's learning, grade progression, or academic progress, or by the pupil, and not some other action taken. The communication described in this subdivision may occur through, but is not limited to, any of the following means:

- (i) Electronic mail.
- (ii) Telephone.
- (iii) Instant messaging.
- (iv) Face-to-face conversation.
- (i) The superintendent shall promulgate rules for the implementation of this subsection.

(4) Except as otherwise provided in this subsection, the first 6 days or the equivalent number of hours for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or state health authorities, are counted as hours and days of pupil instruction. With the approval of the superintendent of public instruction, the department shall count as hours and days of pupil instruction for a fiscal year not more than 3 additional days or the equivalent number of additional hours for which pupil instruction is not provided in a district due to unusual and extenuating occurrences resulting from conditions not within the control of school authorities such as those conditions described in this subsection. Subsequent such hours or days are not counted as hours or days of pupil instruction.

(5) A district does not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).

(6) In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following have occurred in a district, the district forfeits in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this article that is equal to the proportion below the required minimum number of hours and days of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least the required minimum number of hours and days of pupil instruction under subsection (3) in a school year, including hours and days counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least the required minimum number of hours and days of pupil instruction under subsection (3) in a school year, including hours and days counted under subsection (4).

(7) In providing the minimum number of hours and days of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) Except as otherwise provided in this subdivision, a pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil's best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil. A pupil in grades 9 to 12 who is scheduled in a 4-block schedule may receive a reduced schedule under this subsection if the pupil is scheduled for a number of hours equal to at least 75% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, is considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(e) In grades 7 through 12, instructional time that is part of a Junior Reserve Officer Training Corps (JROTC) program is considered to be pupil instruction time regardless of whether the instructor is a certificated teacher if all of the following are met:

(i) The instructor has met all of the requirements established by the United States Department of Defense and the applicable branch of the armed services for serving as an instructor in the Junior Reserve Officer Training Corps program.

(ii) The board of the district or intermediate district employing or assigning the instructor complies with the requirements of sections 1230 and 1230a of the revised school code, MCL 380.1230 and 380.1230a, with respect to the instructor to the same extent as if employing the instructor as a regular classroom teacher.

(8) Except as otherwise provided in subsections (11), (12), and (13), the department shall apply the guidelines under subsection (7) in calculating the full-time equivalency of pupils.

(9) Upon application by the district for a particular fiscal year, the superintendent shall waive for a district the minimum number of hours and days of pupil instruction requirement of subsection (3) for a department-approved alternative education program or another innovative program approved by the department, including a 4-day school week. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, the district is not subject to forfeiture under this section for the specific program covered by the waiver. If the district does not comply with the terms of the waiver, the amount of the forfeiture is calculated based upon a comparison of the number of hours and days of pupil instruction actually provided to the minimum number of hours and days of pupil instruction required under subsection (3). A district shall report pupils enrolled in a department-approved alternative education program under this subsection to the center in a form and manner determined by the center. All of the following apply to a waiver granted under this subsection:

(a) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(b) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil is on track for course completion at proficiency level, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(c) A waiver that is not a waiver described in subdivision (a) or (b) is valid for 3 fiscal years, unless it is revoked by the superintendent, and must be renewed at the end of the 3-year period to remain in effect.

(10) A district may count up to 38 hours of professional development for teachers as hours of pupil instruction. All of the following apply to the counting of professional development as pupil instruction under this subsection:

(a) If the professional development exceeds 5 hours in a single day, that day may be counted as a day of pupil instruction.

(b) At least 8 hours of the professional development counted as hours of pupil instruction under this subsection must be recommended by a districtwide professional development advisory committee appointed by the district board. The advisory committee must be composed of teachers employed by the district who represent a variety of grades and subject matter specializations, including special education; nonteaching staff; parents; and administrators. The majority membership of the committee must be composed of teaching staff.

(c) Professional development provided online is allowable and encouraged, as long as the instruction has been approved by the district. The department shall issue a list of approved online professional development providers that must include the Michigan Virtual School.

(d) Professional development may only be counted as hours of pupil instruction under this subsection for the pupils of those teachers scheduled to participate in the professional development.

(e) The professional development must meet all of the following to be counted as pupil instruction under this subsection:

(i) Be aligned to the school or district improvement plan for the school or district in which the professional development is being provided.

(ii) Be linked to 1 or more criteria in the evaluation tool developed or adopted by the district or intermediate district under section 1249 of the revised school code, MCL 380.1249.

(iii) Has been approved by the department as counting for state continuing education clock hours. The number of hours of professional development counted as hours of pupil instruction under this subsection may not exceed the number of state continuing education clock hours for which the professional development was approved.

(iv) Not more than a combined total of 10 hours of the professional development takes place before the first scheduled day of school for the school year ending in the fiscal year and after the last scheduled day of school for that school year.

(v) Not more than 10 hours of the professional development takes place in a single month.

(vi) At least 75% of teachers scheduled to participate in the professional development are in attendance.

(11) Subsections (3) and (8) do not apply to a school of excellence that is a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a.

(12) Subsections (3) and (8) do not apply to eligible pupils enrolled in a dropout recovery program that meets the requirements of section 23a. As used in this subsection, “eligible pupil” means that term as defined in section 23a.

(13) For the 2020-2021 school year only, the minimum number of hours and days of pupil instruction requirement under subsection (3) is waived for each district that, at a minimum, provides pupil instruction for the 2020-2021 school year at school, at a different location, in person, online, digitally, by other remote means, in a synchronous or asynchronous format, or through any combination therein that results in an amount of hours and days necessary to deliver the educational or course content that would have been delivered in 180 days and 1,098 hours in a school year in which pandemic learning was not provided and that would have led to course completion. As used in this subsection, “pandemic learning” means a mode of pupil instruction provided as a result of the COVID-19 pandemic.

(14) At least every 2 years the superintendent shall review the waiver standards set forth in the pupil accounting and auditing manuals to ensure that the waiver standards and waiver process continue to be appropriate and responsive to changing trends in online learning. The superintendent shall solicit and consider input from stakeholders as part of this review.

Sec. 104. (1) In order to receive state aid under this article, a district shall comply with sections 1249, 1278a, 1278b, 1279g, and 1280b of the revised school code, MCL 380.1249, 380.1278a, 380.1278b, 380.1279g, and 380.1280b, and 1970 PA 38, MCL 388.1081 to 388.1086. Subject to subsection (2), from the state school aid fund money appropriated in section 11, there is allocated for 2020-2021 an amount not to exceed \$31,009,400.00 for payments on behalf of districts for costs associated with complying with those provisions of law. In addition, from the federal funds appropriated in section 11, there is allocated for 2020-2021 an amount estimated at \$6,250,000.00 funded from DED-OESE, title VI, state assessment funds, and from DED-OSERS, section 504 of part B of the individuals with disabilities education act, Public Law 94-142, plus any carryover federal funds from previous year appropriations, for the purposes of complying with the every student succeeds act, Public Law 114-95.

(2) The results of each test administered as part of the Michigan student test of educational progress (M-STEP), including tests administered to high school students, must include an item analysis that lists all items that are counted for individual pupil scores and the percentage of pupils choosing each possible response. The department shall work with the center to identify the number of students enrolled at the time assessments are given by each district. In calculating the percentage of pupils assessed for a district’s scorecard, the department shall use only the number of pupils enrolled in the district at the time the district administers the assessments and shall exclude pupils who enroll in the district after the district administers the assessments.

(3) The department shall distribute federal funds allocated under this section in accordance with federal law and with flexibility provisions outlined in Public Law 107-116, and in the education flexibility partnership act of 1999, Public Law 106-25.

(4) From the funds allocated in subsection (1), there is allocated an amount not to exceed \$1,500,000.00 to an intermediate district described in this subsection for, except as otherwise provided in this subsection, statewide implementation of the Michigan kindergarten entry observation tool (MKEO), utilizing the Maryland-Ohio observational tool, also referred to as the Kindergarten Readiness Assessment, as piloted under this subsection in 2017-2018 and implemented in 2018-2019 and 2019-2020. The funding in this subsection is allocated to an intermediate district in prosperity region 9 with at least 3,000 kindergarten pupils enrolled in its constituent districts. An intermediate district described in this subsection is not required to carry out the statewide implementation of the Michigan kindergarten entry observation tool (MKEO), as described in this subsection, for the fall of 2020. It is the intent of the legislature to account for health, safety, and welfare concerns related to the COVID-19 pandemic by temporarily suspending the requirement for statewide implementation of the Michigan kindergarten entry observation tool (MKEO) under this subsection for the fall of 2020. All of the following apply to the implementation of the kindergarten entry observation tool under this subsection:

(a) The department, in collaboration with all intermediate districts, shall ensure that the Michigan kindergarten entry observation tool is administered in each kindergarten classroom to either the full census of kindergarten pupils enrolled in the classroom or to a representative sample of not less than 35% of the total kindergarten pupils enrolled in each classroom. If a district elects to administer the Michigan kindergarten entry observation tool to a random sample of pupils within each classroom, the district’s intermediate district shall select the pupils who will receive the assessment based on the same random method. Beginning in 2021, the observation tool must be administered within 45 days after the start of the school year.

(b) The intermediate district that receives funding under this subsection, in collaboration with all other intermediate districts, shall implement a “train the trainer” professional development model on the usage of the Michigan kindergarten entry observation tool. This training model must provide training to intermediate district staff so that they may provide similar training for staff of their constituent districts. This training model must also ensure that the tool produces reliable data and that there are a sufficient number of trainers to train all kindergarten teachers statewide.

(c) By March 1, 2022, and each year thereafter, the department and the intermediate district that receives funding under this subsection shall report to the house and senate appropriations subcommittees on state school aid, the house and senate fiscal agencies, and the state budget director on the results of the statewide implementation, including, but not limited to, an evaluation of the demonstrated readiness of kindergarten pupils statewide and the effectiveness of state and federal early childhood programs that are designed for school readiness under this state’s authority, including the great start readiness program and the great start readiness/Head Start blended program, as referenced under section 32d. By September 1, 2022, and each year thereafter, the department and the center shall provide a method for districts and public school academies with kindergarten enrollment to look up and verify their student enrollment data for pupils who were enrolled in a publicly funded early childhood program in the year before kindergarten, including the individual great start readiness program, individual great start readiness/Head Start blended program, individual title I preschool program, individual section 31a preschool program, individual early childhood special education program, or individual developmental kindergarten or program for young 5-year-olds in which each tested child was enrolled. A participating district shall analyze the data to determine whether high-performing children were enrolled in any specific early childhood program and, if so, report that finding to the department and to the intermediate district that receives funding under this subsection.

(d) The department shall approve the language and literacy domain within the Kindergarten Readiness Assessment for use by districts as an initial assessment that may be delivered to all kindergarten pupils to assist with identifying any possible area of concern for a pupil in English language arts.

(e) As used in this subsection:

(i) “Kindergarten” includes a classroom for young 5-year-olds, commonly referred to as “young 5s” or “developmental kindergarten”.

(ii) “Representative sample” means a sample capable of producing valid and reliable assessment information on all or major subgroups of kindergarten pupils in a district.

(5) The department may recommend, but may not require, districts to allow pupils to use an external keyboard with tablet devices for online M-STEP testing, including, but not limited to, open-ended test items such as constructed response or equation builder items.

(6) Notwithstanding section 17b, the department shall make payments on behalf of districts, intermediate districts, and other eligible entities under this section on a schedule determined by the department.

(7) From the allocation in subsection (1), there is allocated an amount not to exceed \$500,000.00 for 2020-2021 for the operation of an online reporting tool to provide student-level assessment data in a secure environment to educators, parents, and pupils immediately after assessments are scored. The department and the center shall ensure that any data collected by the online reporting tool do not provide individually identifiable student data to the federal government.

(8) In order to receive state aid under this article for 2020-2021, a district shall meet both of the following requirements:

(a) Within the first 9 weeks of the 2020-2021 school year, the district shall administer 1 or more benchmark assessments provided by a provider approved under subsection (9), benchmark assessments described in subsection (10), or local benchmark assessments, or any combination thereof, to all pupils in grades K to 8 to measure proficiency in reading and mathematics.

(b) In addition to the benchmark assessment or benchmark assessments administered under subdivision (a), by not later than the last day of the 2020-2021 school year, the district shall administer 1 or more benchmark assessments provided by a provider approved under subsection (9), benchmark assessments described in subsection (10), or local benchmark assessments, or any combination thereof, to all pupils in grades K to 8 to measure proficiency in reading and mathematics.

(9) The department shall approve at least 4 but not more than 5 providers of benchmark assessments for the purposes of subsection (8). The department shall inform districts of all of the providers approved under this subsection in an equitable manner. The benchmark assessments provided for the purposes of subsection (8) by approved providers under this subsection, with the exclusion of the benchmark assessment described in subsection (14), must meet all of the following:

(a) Be 1 of the most commonly administered benchmark assessments in this state.

- (b) Be aligned to the content standards of this state.
 - (c) Complement the state's summative assessment system.
 - (d) Be internet-delivered and include a standards-based remote, in-person, or both remote and in-person assessment using a computer-adaptive model to target the instructional level of each pupil.
 - (e) Provide information on pupil achievement with regard to learning content required in a given year or grade span.
 - (f) Provide immediate feedback to pupils and teachers.
 - (g) Be nationally normed.
 - (h) Provide multiple measures of growth and provide for multiple testing opportunities.
- (10) A district may administer 1 or more of the following benchmark assessments toward meeting the requirement under subsection (8):
- (a) A benchmark assessment in reading for students in grades K to 9 that contains progress monitoring tools and enhanced diagnostic assessments.
 - (b) A benchmark assessment in math for students in grades K to 8 that contains progress monitoring tools.
- (11) To the extent practicable, if a district administers a benchmark assessment or benchmark assessments under this section, the district shall administer the same benchmark assessment or benchmark assessments provided by a provider approved under subsection (9), benchmark assessment or benchmark assessments described in subsection (10), or local benchmark assessment or local benchmark assessments that it administered to pupils in previous school years, as applicable.
- (12) By not later than June 30, 2021, a district shall send the aggregate district-level data from a benchmark assessment or benchmark assessments, excluding data from a local benchmark assessment or local benchmark assessments, administered under this section to a regional data hub that is part of the Michigan data hub network that shall compile the data and send it to the center. Not later than September 1, 2021, the department and the center shall provide a report to the governor and the senate and house standing committees responsible for education legislation identifying the number and percentage of pupils in this state who are significantly behind grade level as determined by the department and the center based on the data provided to the center under this subsection. The benchmark assessment data under this subsection may also be used to measure pupils' growth based on their performance on state summative assessments to identify districts and schools where pupil achievement has increased or decreased. However, the benchmark assessment data under this subsection must not be utilized for the state accountability system. It is the intent of the legislature that the benchmark assessment data under this subsection be primarily utilized to determine the loss of learning, if any, resulting from the COVID-19 pandemic. After the administration of statewide assessments resumes, the department shall also provide a report to the governor and the senate and house standing committees responsible for education legislation identifying the specific pupil groups whose expected trajectory toward grade-level proficiency were most impacted by school closures that occurred pursuant to the COVID-19 pandemic.
- (13) If a district administers a benchmark assessment or benchmark assessments under this section, the district shall provide each pupil's data from the benchmark assessment or benchmark assessments, as available, to the pupil's parent or legal guardian within 30 days of administering the benchmark assessment or benchmark assessments.
- (14) The department shall make 1 of the benchmark assessments provided by a provider approved under subsection (9) available to districts at no cost to the districts. The benchmark assessment described in this subsection must meet all of the following:
- (a) Be aligned to the content standards of this state.
 - (b) Complement the state's summative assessment system.
 - (c) Be internet-delivered and include a standards-based assessment.
 - (d) Provide information on pupil achievement with regard to learning content required in a given year or grade span.
 - (e) Provide timely feedback to pupils and teachers.
 - (f) Be nationally normed.
 - (g) Provide information to educators about student growth and allow for multiple testing opportunities.
- (15) If a local benchmark assessment or local benchmark assessments are administered under subsection (8), the district shall report to the department and the center, in a form and manner prescribed by the center, the local benchmark assessment or local benchmark assessments that were administered and how that assessment or those assessments measure changes, including any losses, as applicable, in learning, and the district's plan for addressing any losses in learning.

(16) From the general fund money appropriated in section 11, there is allocated for 2020-2021 an amount not to exceed \$150,000.00 to a higher education institution or other entity that is not a state governmental entity that has expertise in conducting a study described in this subsection to conduct a study that, at a minimum, accomplishes all of the following:

(a) Provides for an assessment of the distance-learning programs utilized in this state that were effective at meeting educational goals and attainment.

(b) Provides for an assessment of how the programs described in subdivision (a) operated.

(c) Provides for an assessment of the best practices implemented by the programs described in subdivision (a) that should be replicated by schools engaged in distance learning.

(d) Notes distance-learning models that were ineffective in achieving educational goals.

(17) As used in this section:

(a) "DED" means the United States Department of Education.

(b) "DED-OESE" means the DED Office of Elementary and Secondary Education.

(c) "DED-OSERS" means the DED Office of Special Education and Rehabilitative Services.

Sec. 104f. (1) From the general fund money appropriated under section 11, there is allocated an amount not to exceed \$500,000.00 for the implementation of an assessment digital literacy preparation program for pupils enrolled in grades K to 8 for 2020-2021. The department shall ensure that a program funded under this subsection satisfies all of the following:

(a) Is available to districts in the 2020-2021 school year.

(b) Focuses on ensuring pupils have the necessary skills required for state online assessments by assessing pupil digital literacy skill levels and providing teachers with a digital curriculum targeted at areas of determined weakness.

(c) Allows pupils to engage with the digital curriculum in an independent or teacher-facilitated modality.

(d) Includes training and professional development for teachers.

(e) Is implemented in at least 100 districts that operate grades K to 8 and that represent a diverse geography and socio-economic demographic.

(2) Funding under subsection (1) must be allocated to a district that did not receive funding under former section 104e for 2017-2018 and that operates at least grades K to 8 and has a partnership with a third party that is experienced in the assessment of digital literacy and the preparation of digital literacy skills and has demonstrable experience serving districts in this state and local education agencies in 10 other states. The district, along with its third-party partner, shall provide a report to the house and senate appropriations subcommittees on state school aid and the house and senate fiscal agencies on the efficacy and usefulness of the assessment digital literacy preparation program no later than July 1, 2021.

(3) Notwithstanding section 17b, the department shall make payments under subsection (1) by not later than December 1, 2020.

Sec. 104g. (1) For the 2020-2021 school year only, a district shall make the SAT available in the fall of 2020 to pupils who were in grade 11 during the 2019-2020 school year and who were not able to take the examination during the 2019-2020 school year.

(3) The examinations offered by a district in subsections (1) and (2) are not considered state summative assessments or the college entrance portion of the Michigan merit examination for the 2020-2021 school year.

(4) Pupils must be encouraged but not required to take the examinations under subsections (1) and (2).

Sec. 105. (1) In order to avoid a penalty under this section, and in order to count a nonresident pupil residing within the same intermediate district in membership without the approval of the pupil's district of residence, a district must comply with this section.

(2) Except as otherwise provided in this section, a district shall determine whether or not it will accept applications for enrollment by nonresident applicants residing within the same intermediate district for the next school year. If the district determines to accept applications for enrollment of a number of nonresidents, beyond those entitled to preference under this section, the district shall use the following procedures for accepting

applications from and enrolling nonresidents:

(a) The district shall publish the grades, schools, and special programs, if any, for which enrollment may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) If the district has a limited number of positions available for nonresidents residing within the same intermediate district in a grade, school, or program, all of the following apply to accepting applications for and enrollment of nonresidents in that grade, school, or program:

(i) The district shall do all of the following not later than the second Friday in August:

(A) Provide notice to the general public that applications will be taken for a period of at least 15 calendar days but not more than 30 calendar days from nonresidents residing within the same intermediate district for enrollment in that grade, school, or program. The notification to parents or legal guardians of nonresident applicants accepted for enrollment must contain notification of the date by which the applicant must enroll in the district and procedures for enrollment. The date for enrollment must be no later than the end of the first week of school, or, for 2020-2021 only, not later than October 13, 2020.

(ii) Beginning on the third Monday in August and not later than the end of the first week of school or, for 2020-2021 only, not later than October 13, 2020, if any positions become available in a grade, school, or program due to accepted applicants failing to enroll or to more positions being added, the district may enroll nonresident applicants from the waiting list maintained under subsection (14), offering enrollment in the order that applicants appear on the waiting list. If there are still positions available after enrolling all applicants from the waiting list who desire to enroll, the district may not fill those positions until the second semester or trimester enrollment under subsection (3), as provided under that subsection, or until the next school year.

(c) For a grade, school, or program that has an unlimited number of positions available for nonresidents residing within the same intermediate district, all of the following apply to enrollment of nonresidents in that grade, school, or program:

The application period shall be at least a 15-calendar-day period.

(ii) Not later than the end of the first week of school or, for 2020-2021 only, not later than October 13, 2020, the district shall notify the parent or legal guardian of each nonresident applicant who is accepted for enrollment that the applicant has been accepted for enrollment in the grade, school, or program and of the procedures for enrollment. The date for enrollment must be no later than the end of the first week of school or, for 2020-2021 only, not later than October 13, 2020.

(3) If a district determines during the first semester or trimester of a school year that it has positions available for enrollment of a number of nonresidents residing within the same intermediate district, beyond those entitled to preference under this section, for the second semester or trimester of the school year, the district may accept applications from and enroll nonresidents residing within the same intermediate district for the second semester or trimester using the following procedures:

(a) Not later than 2 weeks before the end of the first semester or trimester, the district shall publish the grades, schools, and special programs, if any, for which enrollment for the second semester or trimester may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) During the last 2 weeks of the first semester or trimester, the district shall accept applications from nonresidents residing within the same intermediate district for enrollment for the second semester or trimester in the available grades, schools, and programs.

(c) By the beginning of the second semester or trimester, using the procedures and preferences required under this section, the district shall determine which nonresident applicants will be allowed to enroll in the district for the second semester or trimester and notify the parent or legal guardian of each nonresident applicant residing within the same intermediate district of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment must contain notification of the date by which the applicant must enroll in the district and procedures for enrollment. The date for enrollment must be no later than the end of the first week of school.

(4) If deadlines similar to those described in subsection (2) or (3) have been established in an intermediate district, and if those deadlines are not later than the deadlines under subsection (2) or (3), the districts within the intermediate district may use those deadlines.

(5) A district offering to enroll nonresident applicants residing within the same intermediate district may limit the number of nonresident pupils it accepts in a grade, school, or program, at its discretion, and may use that limit as the reason for refusal to enroll an applicant.

(6) A nonresident applicant residing within the same intermediate district must not be granted or refused enrollment based on intellectual, academic, artistic, or other ability, talent, or accomplishment, or lack thereof, or based on a mental or physical disability, except that a district may refuse to admit a nonresident applicant if the applicant does not meet the same criteria, other than residence, that an applicant who is a resident of the district must meet to be accepted for enrollment in a grade or a specialized, magnet, or intra-district choice school or program to which the applicant applies.

(7) A nonresident applicant residing within the same intermediate district must not be granted or refused enrollment based on age, except that a district may refuse to admit a nonresident applicant applying for a program that is not appropriate for the age of the applicant.

undergraduate students in the 2020-2021 academic year to exceed the limit established in this subsection.

(b) "Tuition and fee rate" means the average of full-time rates paid by a majority of students in each undergraduate class, based on an unweighted average of the rates authorized by the university board and actually charged to students, deducting any uniformly rebated or refunded amounts, for the 2 semesters with the highest levels of full-time equated resident undergraduate enrollment during the academic year, as described in the higher education institutional data inventory (HEIDI) user manual.

(2) The state budget director shall implement uniform reporting requirements to ensure that a public university receiving a payment under section 265a for performance funding has satisfied the tuition restraint requirements of this section. (4) Notwithstanding any other provision of this act, the legislature may at any time adjust appropriations for a university that adopts an increase in tuition and fee rates for resident undergraduate students that exceeds the rate cap established in subsection (1).

Sec. 265b. (1) Appropriations to public universities in section 236 for the fiscal year ending September 30, 2021 for operations funding shall be reduced by 10% pursuant to the procedures described in subdivision (a) for a public university that fails to submit certification to the state budget director, the house and senate appropriations subcommittees on higher education, and the house and senate fiscal agencies by October 1, 2020 that the university complies with sections 274c and 274d and that it complies with all of the requirements described in subdivisions (b) to (i), as follows:

(a) If a university fails to submit certification, the state budget director shall withhold 10% of that university's annual operations funding until the university submits certification. If a university fails to submit certification by the end of the fiscal year, the 10% of its annual operations funding that is withheld shall lapse to the general fund.

(d) Consistent with the university's obligations under 20 USC 1092(f), the university notifies each individual who reports having experienced sexual assault by a student, faculty member, or staff member of the university that the individual has the option to report the matter to law enforcement, to the university, to both, or to neither, as the individual may choose.

(e) The university provides both of the following:

(f) The university prohibits seeking compensation from the recipient of any medical procedure, treatment, or care provided by a medical professional who has been convicted of a felony arising out of the medical procedure, treatment, or care.

(g) The university had a third party review its title IX compliance office and related policies and procedures by the end of the 2018-2019 academic year. A copy of the third-party review shall be transmitted to the state budget director, the house and senate appropriations subcommittees on higher education, and the house and senate fiscal agencies. After the third-party review has been conducted for the 2018-2019 academic year, the university shall have a third-party review once every three years and a copy of the third-party review shall be transmitted to the state budget director, the house and senate appropriations subcommittees on higher education, and the house and senate fiscal agencies.

The report shall contain aggregated data of the number of sexual misconduct reports that the office received for the academic year, the types of reports received, including reports received against employees, and a summary of the general outcomes of the reports and investigations. A member of the governing board may request to review a title IX investigation report involving a complaint against an employee, and the university shall provide the report in a manner it considers appropriate. The university shall protect the complainant's anonymity, and the report shall not contain specific identifying information.

(i) If allegations against an employee are made in more than 1 title IX complaint that resulted in the university finding that no misconduct occurred, the university requires that the title IX officer promptly notify the president or chancellor and a member of the university's governing board in writing and take all appropriate steps to ensure that the matter is being investigated thoroughly, including hiring an outside investigator for future cases involving that employee. A third-party title IX investigation under this subdivision does not prohibit the university from simultaneously conducting its own title IX investigation through its own title IX coordinator.

(2) Each public university that receives an appropriation in section 236 shall also certify that its president or chancellor and a member of its governing board has reviewed all title IX reports involving the alleged sexual misconduct of an employee of the university, and shall send the certification to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director by October 1, 2020.

(e) The department of treasury shall recover a percentage of the proration amount required under subsection (2) that is equal to the percentage calculated under subdivision (a)(iv) for community colleges and public universities that receive funding from the state school aid fund by reducing that portion of the payments under articles II and III to these community colleges and public universities, other than payments under sections 201(5) and 236(4), that is from the state school aid fund on an equal percentage basis.
