Moxee™ Mobile Hotspot business features

Stay Connected

Connect up to 16 Wi-Fi connected devices.
The AT&T 4G LTE network lets you connect up to 16 tablets, laptops, gaming consoles, and internet devices.

Long lasting, rechargeable 2,300 mAh battery.
Maintain productivity and keep your devices connected for longer with Moxee's extended charge.*

Dual Band Wi-Fi support.
Moxee uses the 5 GHz band for faster video and gaming and 2.4 GHz for extended coverage to maintain connection at further distances and when inside buildings.

Convenient Web User Interface to manage settings and features.
Small, compact, and easy to use with a color display.

Highly secure with password protection and Wi-Fi security protocols.
NAT firewall for enhanced security, VPN pass-through to connect to protected business networks, and you can manage your Wi-Fi Settings to block unwanted devices and view important messages

*Approximately 8.25 hours of battery life is based on general business usage: ~3.5 hours of video conferencing, checking emails, file downloads and web browsing. Actual battery life will vary depending on network and environmental conditions, devices connected, device settings, content streamed, and battery age.
